To Our Returned Veterans

BY YOUR EXAMPLE you have committed us to a debt of gratitude and respect which we will ever find difficult to adequately repay.

You have taught us the real lesson of allegiance and all that it means.

You have done your "bit" towards continuing the Empire's supremacy.

No matter what the danger—no matter what the call, you were prepared to make any sacrifice in the cause of right.

Our earnest hope is that any undermining of your health, incident to the rigors through which you have gone, may soon be repaired; that you may long be preserved to us as examples of the "manly man" and to remind Britons that Britons always stand ready to make any sacrifice necessary to maintain inviolate their country's integrity.

P. Burns & Co., Ltd.

Announcement

THE history of previous wars has taught us that when the fighting is done and the novelty worn off, the man who bore the brunt has invariably paid the price for years afterwards, owing to his inability to compete on an equal basis with those who stayed at home. Our object in uniting may be clearly defined when we say we have organized to obtain by our combined strength that justice and fair dealing which we have fought for in the field. The gigantic problem of repatriating into civilian life a quarter of a million men, assimilating them so that they may suffer as little as possible in competition with those who have not been called upon to leave their homes and employment, presents problems that can only be decided by uniting together for our common welfare. The Great War Veterans' Association has within the last six months had a phenomenal growth, attributable in part to a newly-awakened interest on the part of everyone on being confronted with the transition from war to peace and the innumerable questions arising therefrom.

Our principal aims—this, the most important year in the life of our organization—may be headed:

- (1) Provision for and adequate pensions to those disabled and unfit to start in where they left off to go and fight;
- (2) Provision for and adequate pension to those who have been bereaved by the loss of our comrades who have fallen;
- (3) Repatriation of those who are discharged owing to the cessation of hostilities on the basis of employers, both public and civilian, giving them the preference;
- (4) The care of those who before or after discharge from the service are suffering distress through no fault of their own, possibly through death or sickness in their homes which, owing to their service, they have no resources to meet.

These four principal aims will, no doubt, be supplemented by problems that will develop in the course of this year, and if every returning soldier will realize his own responsibility, both to himself and his comrades, and join with them, pledging his support and influence, to the Association, we will have an organization second to none in this country's history, a power for good and one that will largely control the destiny of our nation.

Who can the destiny of our country be safer with than the survivors of those who have preserved and won its freedom during the anxious years just closed?

Our country's fate has been left safely with our fallen comrades and ourselves during the last four and a half years and there is now no intelligent reason, because the fighting is done, that we should relinquish this sacred trust.

It will appeal to any comrade who has read the lessons of this war that this is the ideal opportunity to right the wrongs that have been suffered in the past, that no organization has ever had so much in common or closer ties of kindred friendship than an association of men who have fought and suffered together for the common welfare, and that no organization ever possessed the strength that such a union of

men would possess who have offered everything they had, including their life, if necessary, rather than submit to a wrong or injustice.

As the large army returns, the best brains of the country will be available to pick from, to advise and pilot us through the anxious time that is coming and to carry on this great work that has only just commenced.

In the matter of employers coming to this Association for their help, it is obvious that we will have men from every walk in life from the capitalist to the laborer to fill their needs.

In the meantime, practically every returning soldier is joining us, notwithstanding which a few words of warning here are opportune.

Be careful not to allow yourselves to be divided; remember our success can only come from our being one united body. There are those who for very obvious reasons would like to split us into a number of small organizations, realizing that by nursing little grievances and friction amongst us and thus dividing our house against itself, we are practically powerless. Our membership rolls are open for the inspection of anyone, and one may easily see that nine men out of every ten returning are joining this Association.

Beware of being split up—and ask yourself the question why they wish to divide us. There is only one answer: If we are together we are omnipotent and a menace to those who fear us as an organized body and have their own axes to grind in trying to sow dissension amongst us.

Calgary Branch has a reputation throughout Canada for their virile and vigorous attitude. As for an instance, they have just fathered the \$2,000 gratuity scheme, placing this resolution in the hands of every organization in Canada.

The problems we face from time to time we feel are better handled by selecting comrades from amongst us to serve constantly on committees dealing with any specific question, thus we have our Land Committee, Membership Committee, Entertainment Committee, Sports Committee, Pensions Committee, Amputation Committee, Sick and Investigation Committee, House Committee, and last, but not least, the Ladies' Auxiliary.

These committees working under the executive are devoting their time and brains without any reward towards straightening out the problems that develop amongst our comrades from time to time. As an instance, our Entertainment Committee to the number of eighteen, devote their whole Sunday afternoons to the benefit of the Association, and are the greatest source of revenue to the Association that exists.

The present executive in commencing on what will be the momentous year, ask the assistance and support of every returning soldier and pledge their word that all their efforts, without fear or favor, will be directed towards the welfare of their comrades.

Every man on the executive has seen service overseas in this war, and as a body they feel that with the confidence of our comrades their work in 1919 will bear fruit to the extent that the soldier returning from this war will not be slighted and pushed aside and made to suffer for years to come as a result of his sacrifice.

A Company Whose Services Will Be Welcomed by Every Soldier Farmer

Every soldier who has been a farmer or who is to become one will welcome the chance to make use of this company. He can do so with perfect confidence, knowing that the company's sole object is *service to the farmer*. It was organized by farmers, and is owned and controlled by farmers to ensure for themselves and for their neighbors better conditions in marketing grain and live stock and securing their farm supplies.

Get one of the Company's catalogues and see the full extent of its activities.

Call at the showrooms in Calgary or in Edmonton and see the full line of machinery that the Company carries. It can provide, the machinery you need, the lumber for your house or barn, the binder twine for your harvest and scores of other things that are needed.

The Farmers' Company was organized for *service*—LET IT SERVE YOU.

Announcement

THE Great War Veterans' Association of Canada has a simple and honorable pedigree. It is the result of a spontaneous effort on the part of the returned soldiers to help themselves and the natural outgrowth of a desire on their part to secure an organization and meeting place by means of which topics of common interest might be examined and discussed. As soldiers drifted back from Europe in the latter half of 1915, they naturally sought one another's society to discuss their experiences and problems and in various places local associations were formed whose membership gradually grew to considerable numbers. They performed excellent local services for their less fortunate members, helping dependents and voicing grievances and won the respectful support of their several communities. But there was no means of co-operation and co-ordination of effort between the various associations; problems had to be faced which demanded common action and the abler minds realized that some central link of organization was a vital necessity. Accordingly, in the spring of 1917, the local associations were invited to send delegates to a national convention at Winnipeg. This convention, which met on April 12th of that year, was attended by representatives from more than fifty local associations drawn from every province in Canada save Prince Edward Island. The proceedings were marked by great harmony and keen enthusiasm and on April 15th, 1917, The Great War Veterans' Association of Canada was born. Its active membership is confined to those who have been overseas in the Great War, but the benefit of an associate membership is conferred upon all who have seen service in some other war of the British Commonwealth or have been enlisted with the Canadian Expeditionary Force. No distinction is drawn between officers and privates and all are made welcome to the comradeship of the Association upon the verification of their credentials. At the convention problems were discussed and committees were appointed to examine and report upon them with satisfactory results. A Dominion executive was elected and an excellent constitution was subsequently drawn up. Arrangements were made to improve the organization and extend the membership and a central office was established at Ottawa. As a happy result of these efforts, The Great War Veterans' Association of Canada has now a membership which is daily swelling by hundreds, and its influence throughout the Dominion is very far-reaching.

WHY
YOU
should
select a
Mutual
Policy!

FIRST—Because in a mutual company the assets are the sole property of the policy-holders.

SECOND—Because in a mutual company all of the profits go to the policy-holders; not 90 per cent. or 95 per cent., but THE WHOLE.

THIRD—Because in a mutual company the executive is directly responsible to the policy-holders; all the directors are policy-holders' directors.

FOURTH—Because mutual companies hold the record for stability.

FIFTH—Because mutual companies have all the "safety first" features of stock companies with mutuality thrown in.

SIXTH—Because the largest American companies are already mutual or seriously considering mutualization, and already more than one-half of legal reserve insurance is mutual.

SEVENTH—Because mutual companies are not built up in the interest of the few, but of the many.

Therefore, Consult Canada's Only Mutual—

CONSTITUTION

ARTICLE I.

Aims and Objects of The Great War Veterans' Association—

(a) To perpetuate the close and kindly ties of mutual service in the Great War, the recollections and association of that experience, and to maintain proper standards of dignity and honor between all returned soldiers.

(b) To preserve the memory and records of those who suffered and died for the Nation. To see to the erection of monuments to their valor; the provision of suitable burial places; and the establishment of an annual Memorial Day.

(c) To ensure that proper provision is made for the due care of the sick, wounded and needy among those who have served; including reasonable pensions, employment for such as are capable, soldiers' homes, medical care and equitable provision for dependent families of enlisted men.

(d) To constantly inculcate loyalty to Canada and the Empire and unstinted service in their interests.

(e) To guard carefully the good name, interests and the standing of our Comrades still overseas, and to which they should be entitled upon their return.

(f) To impress upon its members that they are to continue in their service to Canada as citizens the same spirit of sacrifice and loyalty which they have shown to Canada and the

Empire as soldiers, and to remain as members of the Association, non-sectarian and non-partisan.

(g) To establish, maintain and operate clubs, clubrooms, hospitals, employment and information bureaux, industrial and other schools and institutions, libraries and establishments for the benefit, promotion and advancement generally of the interests of soldiers, and to furnish, stock and equip the same in such manner as the Association may determine.

(h) To establish, organize and regulate Provincial and Local bodies or Commands and Branches in convenient centres throughout Canada.

(i) To raise funds for all purposes of the Association by fees from members, by obtaining public and private grants, and by various forms of amusement, entertainment or instruction, and otherwise as the Association may determine.

(j) To promote recruiting and enlistment, and to assist forces on active service by operating hospitals, convalescent homes, canteens and other like institutions, either within or without Canada.

(k) To do all such other lawful acts and things relative or incidental to the said objects as may, be found necessary or expedient.

(l) To take, hold and acquire any real or personal property to be held, if desired, by any Provincial Command, or by a Local Branch, in the name of Trustees or others, upon such terms and conditions and subject to such

Sec. 12.—All persons in any locality, who, at the date of the Letters Patent, fulfil the requirements of membership as hereinafter set forth in Article 3, shall without further requirements be considered as members of the Association and shall be entitled to meet and form a Local Branch conforming in all respects to these Rules and Regulations.

Sec. 13.—Wherever any Local Association is at the date of the Letters Patent in existence, whether voluntary or incorporated, its members shall *ipso facto* become members of the Association. Provided, that as soon as possible after said date its Constitution shall be re-organized, if necessary, so as to conform in all respects to the requirements of these Rules and Regulations.

Sec. 14.—The Directing Body of each Local Branch shall be known as the Executive, and shall consist of such officers and members as the Branch shall deem fit.

ARTICLE III.

Membership, Application, Fees, Initiation and Expulsion.

Membership—

Sec. 15.—Membership in the Association shall be limited as follows:

Any person of good character who has seen active service in the Great War of 1914, etc., with the forces of the Allied armies on one of the belligerent fronts, or in England, or, in the opinion of the Branch of which he purposes to become a member, has seen equivalent service with the forces of the Allied navies, and who is still in the service or has received an honorable discharge therefrom, shall be eligible for active membership.

Provided, however, in the case of a person who has seen active service in England and has failed to reach a belligerent front, he shall first show to the satisfaction of the Branch of which he purposes to become a member, that such failure to reach a belligerent front was through no fault of his own.

And further provided, that nothing in this section shall be taken to affect in

Application—

Sec. 16.—Application for membership shall be in writing upon a form provided for that purpose, and shall give in detail the applicant's name, age, birthplace, residence, occupation, address where employed, date and rank on enlistment, his rank at the time of discharge, the unit or units to which he belonged, the date and reason of his discharge, the length of time he served, and if wounded when and in what engagement, and in what manner and degree. The application, accompanied by the initiation fee, shall be sent to the Secretary of the Local Branch within whose jurisdiction the applicant resides. The Secretary will make a preliminary investigation, and report the application and all information in his possession to the Branch Executive at its next meeting. The Executive may either complete the investigation itself and report to the next meeting of the Branch, or hand the case over to an Investigating Committee of the Branch, when such a Committee has been formed. The applicant shall declare that he has not been, or tried to become a member of any other Branch of the Association.

Sec. 17.—Every applicant must be proposed by a member and his or her application recommended by the body charged with the duty of investigation; otherwise such application will be deemed rejected.

Sec. 18.—The Secretary of each Local Branch shall each month forward to the Provincial Command, or where there is no Provincial Command to the Dominion Command, a list of all applications for membership, showing

the disposition made of them, and, in case of rejections, the grounds on which the applicants were rejected.

Sec. 19.—Any person whose application has been rejected shall not be eligible for membership in any other Branch without the consent of the Provincial Command, if within a Provincial Jurisdiction, otherwise of the Dominion Command, given after careful investigation of his record.

Fees—

Sec. 20.—An initiation fee of two dollars (\$2.00) shall be charged by every Local Branch of the Association.

Sec. 21.—The amounts of, and periods for payment of, membership dues, shall be fixed by By-laws of the Local Branch.

Sec. 22.—In the absence of any special by-law of the Branch, the dues shall become payable quarterly at the first meeting of the Branch in the months of March, June, September and December in every year.

Suspension for Non-payment of Dues—

Sec. 23.—A member failing to pay his dues for a period of six months becomes *ipso facto* suspended. Notice shall be mailed by registered post by the Secretary of the Branch to the member at his last known address, informing him of his suspension, and that if he pays up his arrears within one month from the date of notice he will be re-instated; but that if he fails to pay up within said month, his membership ceases, and any office held by him becomes vacant.

A suspended member failing to re-instate within the said period shall forfeit his membership and office according to notice.

provisions may be re-instated at any time by a two-thirds vote of any meeting of the Branch, but his re-instatement by such vote will not restore him to any office which he may have forfeited.

Sec. 25.—In case the member in default is a member of the Dominion, or a Provincial Executive, a duplicate of the foregoing notice shall be mailed by the Secretary of the Branch to the Secretary of said Executive.

Obligation and Initiation—

Sec. 26.—In the absence of any ritual that may be hereafter adopted by the Dominion Convention, after an applicant's application has been duly accepted, he shall be admitted to membership in the Association after giving written undertaking to abide by the constitution and by-laws of the Association in the form following:

"I do hereby agree to become a member of The G.W.V.A., and to abide by the spirit of its Constitution, By-laws and Regulations."

The presiding officer shall then give to each man his membership card and badge, and at the same time furnish him with a copy of the Constitution.

For a good reason, the initiation of a member may be carried out by the Executive in the above manner, but in each case full reason therefor shall be written upon the application and read out at the next General Meeting.

Expulsion of Members for Cause—

Sec. 27.—Any member may be expelled from the Association for breach of his obligation, or of the Constitution, or for disloyal utterances, or acts, or for profane or disorderly conduct in a meeting of any body of the Association, or for maliciously making a false charge against a member, or for conduct unworthy of a member.

Charge in Writing—

Sec. 28.—Any charge under the foregoing Section 27 against a member must be made in writing and signed by the accuser, and lodged with the Secretary of the Branch of Command where the accusation is made.

Trial Committee—

Sec. 29.—Upon receipt of the charge, the presiding officer of the Branch or Command shall appoint a Trial Committee of three members (with one or more waiting members) to try the case.

Procedure—

Sec. 30.—The Trial Committee shall take all the necessary steps to ensure a fair trial of the case, including notification of the accused, and shall decide on the evidence submitted.

Report of Verdict to Branch—

Sec. 31.—The Trial Committee shall report its verdict to the Branch or Command for confirmation or rejection, a two-thirds vote of the members present being necessary to confirm the expulsion or suspension of a member.

Appeal—

Sec. 32.—An appeal will lie, after confirmation of a verdict, to the Executive of the next higher body; said appeal to be made by registered letter addressed to the proper office within ten days of said confirmation.

Sec. 33.—The conviction of any member by a competent Court of Criminal Jurisdiction in Canada, or in the country where the member's Local Branch is situate, for any offence deemed to come within the purview of the foregoing Section 27, may be accepted by the Local Branch as conclusive evidence of the commission of such offence without the formality of a Trial Committee.

BY-LAWS

Officers—

1. The officers of the Association shall be a President, a First Vice-President, a Second Vice-President, a Secretary-Treasurer, and an Executive Committee consisting of the President, Vice-Presidents, Sergeant-at-Arms, a member representing the Band, and seven additional members, all of whom, with the exception of the Secretary-Treasurer, who is appointed by the Executive, and the member representing the Band, who shall be elected by the Band annually in January, shall be elected by a secret ballot at the Annual Meeting of the members of the Association held in January in each year, and shall hold office until the next Annual Meeting of the members of the Association, or until their successors are elected.

At a Special Meeting to be held early in December, nominations for office in the Association will be received.

The members nominated shall either be present in person or shall cause to have been given to the Secretary-Treasurer at a time previous to the nomination his written consent to accept such office and duties should he be elected.

The names of the Nominees shall be posted in the Club Rooms until the Annual Meeting, when the election will take place.

Patrons—

2. Five Patrons may be appointed annually for the period of one year by the Executive Committee to be ratified by General Meeting.

President—

3. The duties of the President shall be to preside at all meetings of the

G. WAISTELL (Executive Committee)

members of the Association, and of the Executive Committee, and such other duties as are hereinafter defined. He shall be *ex officio* a member of all committees.

Vice-Presidents—

4. The duties of the First Vice-President and, in his absence, the duty of the Second Vice-President, shall be, in the absence of the President, to perform the duties of the President.

CONSTITUTION AND BY-LAWS—Continued

While so acting, a Vice-President shall be *ex officio* a member of all committees.

Secretary-Treasurer—

5. The duties of the Secretary-Treasurer shall be to keep true and correct Minutes of the meetings of the members of the Association; of the meetings of the Executive Committee, and of all other committees; to keep true and accurate books of account and records of all the business and affairs of the Association; to keep all the correspondence, papers, documents and records of the Association; to collect and receive all funds and moneys owing to or belonging to the Association, and generally to perform such further and other services as are hereinafter defined, or as may be directed by the members of the Association in meeting assembled, or by the Executive Committee.

Executive Committee—

6. The Executive Committee shall enforce the Constitution, preserve the property of the Association, insure the same against loss by fire, conduct the business of the Association, attend to the welfare of the members, and generally carry out the objects of the Association, and for greater certainty, but so as not to restrict the generality of the foregoing, the Executive shall have, among others, the following powers and duties:

(a) To receive and pass upon applications for membership in the manner directed by the Constitution.

(b) To pay all indebtedness and expenses of the Association, including rent, salaries, taxes, light and fuel accounts, and to provide the Association with such articles as may be necessary for the conduct of the business of the Association, or the welfare of the members.

(c) To delegate to sub-committees appointed by the Executive Committee, such powers and duties as in the opinion of the Executive Committee may be properly and conveniently carried on by such sub-committees; such sub-committees shall not hold office beyond the terms of office of the Executive appointing them, and shall be directly responsible to the Executive Committee, who shall be fully responsible to the members of the Association for all things done by such sub-committee. These sub-committees to be ratified by General Meeting.

(d) To obtain, and if necessary, lease premises as Club Rooms or Meeting Places, and to purchase and preserve such personal property as in the opinion of the Executive Committee may be necessary for the proper enjoyment by the Association of such premises, and to sell such portions of such personal property as shall, in their opinion, become unnecessary or unsuitable for this purpose.

(e) To promote and hold entertainments, dances or social functions for the entertainment of the members of the Association and its visitors, and if thought advisable, to raise money therefrom.

(f) To purchase and provide periodicals, books, papers and games for the use of the members of the Association.

(g) To raise funds in any of the ways directed by the Constitution.

(h) To lend to any member of the Association, in cases of proven hardship, and on the application to the Executive of such member made in person or by some person acting on his behalf, a sum of money not exceeding \$50.00, with or without security, as they may deem proper.

CONSTITUTION AND BY-LAWS—Continued

(2) To suspend any member for wilful violation of the Constitution or By-laws for a period not exceeding three months, provided that such member may appeal to the members of the Association at the next ordinary meeting thereof, and such meeting, may, by a majority of two-thirds of the members present, order that such suspension cease.

(j) To appoint, immediately upon their election, a Secretary-Treasurer of the Association, and to fix the amount of his monthly salary, such Secretary-Treasurer to be under the control of the Executive Committee as in the Constitution provided.

(k) To appoint members of the Association at such salary and remuneration as the committee may decide, to perform such work and services as the committee may require.

(l) To perform such other acts and duties as are by the Constitution and these By-laws implied or expressed.

(m) To borrow money, and to make and accept or endorse Bills of Exchange and Promissory Notes as authorized in the Charter issued under the authority of the Act to incorporate The Great War Veterans' Association, Chapter 18, Statutes of Alberta, 1917.

Vacancies—

7. Vacancies in the membership of the Executive Committee shall be filled at the next Regular or Special Meeting of the members of the Association.

8. If a member of the Executive Committee is absent from four consecutive meetings of the Committee, his membership shall be declared vacant by the Executive Committee, unless cause shall be shown by such member; a member of the Executive Committee, becoming suspended or expelled from

the Association, ceases to be a member of the Executive.

Dues—

9. Every member shall pay the \$2.00 initiation fee provided in the Constitution, and shall pay annual dues of \$5.00, which shall be paid quarterly, half-yearly or yearly in advance from the date of initiation of such member.

10. The name of every member who has been suspended for non-payment of dues as in the manner provided in the Constitution, shall be posted in a conspicuous place in the Club Rooms or Meeting Place of the Association. No member shall be suspended for non-payment of dues while he is on active service. All dues, fees and other moneys payable by any member shall be paid to the Secretary-Treasurer or, in his absence, to such person as the Executive Committee may designate.

11. Any person entitled under this Constitution to apply for and obtain membership in the Association may be granted all the privileges of the Association (but not the right to vote at meetings thereof), by the Executive Committee for a period not exceeding four weeks after his arrival in the city of Calgary, but no longer.

PROVIDED that if, in the opinion of the Executive Committee, any such person is unable to pay his dues in the Association, he may be accorded all the privileges of the Association (but not the right to vote at meetings thereof), without payment of dues, during such period of time as the Executive Committee may decide.

Meetings—

12. Ordinary meetings of the members of the Association shall be held once in each month at such time and

place as shall be fixed from time to time by the Executive Committee; at least seven days' notice of any such meeting shall be given to the members by the Executive Committee, by advertisement in a newspaper published and circulated in the city of Calgary, and by posting a notice thereof in the Club Rooms or premises of the Association.

13. The Ordinary Meeting of the members of the Association in January in each year shall be known as the Annual Meeting.

14. Special Meetings of the members of the Association shall be held at such other time or times as the Executive Committee may appoint. The Executive Committee shall, on receipt of a request in writing, signed by not less than twenty members of the Association, exclusive of Associate or Suspended Members, convene a Special Meeting of the members of the Association for the purposes set out in such request, to be held at a date not more than ten days subsequent to receipt of such request. If the Executive Committee fails to convene a Special Meeting pursuant to such request, the requisitionists themselves may convene the meeting. Twenty-four hours' notice of all Special Meetings shall be given by advertisement in a newspaper published and circulated in the city of Calgary, and by posting a notice thereof in the Club Rooms or premises of the Association.

15. No business shall be transacted at Special Meetings of the members of the Association except such business as is mentioned in the notice convening such meeting, except upon the consent of a three-fourths majority of the members present at such meeting and entitled to vote.

16. Meetings of the members of the

Executive Committee shall be called in such a manner, on such notice and held at such places as the members of the Executive Committee may by resolution decide.

Order of Business—

17. The order of business at all Ordinary Meetings of the members of the Association shall be as follows:

- (a) Call to order by President.
- (b) At direction of the President, all shall stand with bowed heads in silence for one minute in memory of and out of respect for our fallen comrades and those now on active service.
- (c) Reading of Notice convening the meeting.
- (d) Minutes of last Ordinary and Special Meetings.
- (e) Financial statement.
- (f) Election of officers.
- (g) Correspondence.
- (h) Unfinished business.
- (i) Report of Executive Committee.
- (j) Notices of Motion.
- (k) General business.
- (l) Social.
- (m) National Anthem.

18. All meetings of the members of the Association shall be conducted in accordance with the Rules of Procedure of the House of Commons of the Dominion of Canada.

Votes—

19. All matters other than the election of officers at the Annual Meeting voted on at Ordinary or Special Meetings of the members of the Association shall be decided by open vote. Provided that a majority of the members of the Association present may demand a secret ballot on any question, in which case such question shall be decided by secret ballot.

20. At all meetings of the members of the Association, or of the Executive Committee, the President or other person acting as Chairman, shall have a casting vote in the event of a tie, but shall not otherwise vote. There shall be no proxy voting.

Quorum—

21. At all meetings of the Association fifty members of the Association shall constitute a quorum, and five members of the Executive Committee shall constitute a quorum.

22. At the Annual Meeting of the members of the Association, and at the Ordinary Meeting of the members of the Association held in July in each year, the officers of the Association shall submit a Statement of Income and Expenditure and a Balance Sheet for the six months immediately preceding, duly audited by the Auditor of the Association; at the Ordinary Meetings of the members of the Association in each month, the Executive Committee and the officers shall submit a Statement of the Receipts and Disbursements, checked by the Auditors, for the month immediately preceding.

23. All cheques, promissory notes, drafts, or orders for the payment of money by the Association shall be drawn in the name of the Association, and shall be countersigned by the President of the Association, or, in his absence, the First Vice-President, or, in the absence of both, the Second Vice-President, and signed by the Secretary-Treasurer of the Association, or, in his absence, such member of the Association as the Executive may appoint.

24. All cheques, promissory notes, drafts, or orders for payment of money to the Association shall be endorsed in the name of the Association by the Secretary-Treasurer thereof, or in his

absence, such member of the Executive as the Executive Committee may designate for that purpose, and shall, together with all money of the Association, be deposited daily on the date of the receipt thereof, to the credit of the Association, in a chartered bank of the Dominion of Canada to be designated by the Executive Committee.

25. A complete and proper set of books of account, after the most approved business methods, shall be kept by the Secretary-Treasurer of the Association, and such assistants as may be appointed by the Executive Committee for that purpose. The fiscal year of the Association shall commence on the 1st day of January, and end on the 31st day of December in each calendar year. No payment exceeding \$10.00 shall be made otherwise than by cheque.

26. The Secretary-Treasurer shall on or before the seventh day of each month prepare a Financial Statement of all the previous month's business, such Statement to be checked by the Auditor.

Auditor—

27. The members of the Association shall, at the Annual Meeting in each year, appoint an Auditor to hold office until the next Annual Meeting, and shall fix the amount of his remuneration on a monthly basis. The Auditor may be removed at any meeting of the members of the Association during any year, on a two-thirds vote of the members present. The Auditor may be a person not a member of the Association, and must be a chartered accountant.

At least three days before each Monthly Meeting last mentioned, the Secretary-Treasurer shall cause to be posted in the Club Room or premises of the Association the Monthly Financial and the Auditor's Report or true copies thereof, for half-yearly meetings.

Complaints—

29. Any member desiring to make a complaint, other than a charge as defined by the Constitution, against the Association or against any officer, Committee, or Member of the Association, or in respect to any matter, shall deliver or mail to the Secretary-Treasurer of the Association a statement in writing called a Complaint, setting out his complaint in detail. Such complaint shall first be considered by the Executive Committee, which shall make a report thereon to the members of the Association in Ordinary or Special Meeting. Such complaint shall be dealt with at any Ordinary or Special Meeting of the members of the Association as a majority of the members present and entitled to vote decide.

Damages to Property—

30. If any member or members of the Association wilfully or negligently damage the property of the Association, the Executive Committee of the Association shall assess the amount of such damages, and the amount thereof so assessed shall be paid to the Association by such member or members. If such member shall be dissatisfied with the assessment of damages by the Executive Committee, he may appeal therefrom to the members of the Association at an Ordinary Meeting of the Association, and at such meeting a majority of the members of the Association present and entitled to vote may alter the amount of such assessment to such sum as may be decided. Any member or members failing to pay such damages within a period of thirty-one days after the same has been assessed by the Executive Committee as aforesaid may be suspended by the Executive Committee for a period not exceeding three months; such member or members shall also be liable in a civil action by

S. RAND (Executive Committee)

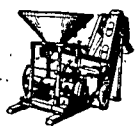

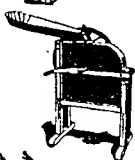

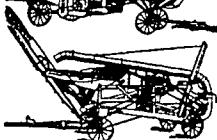

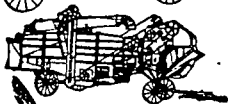

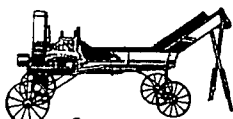

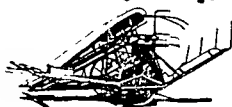

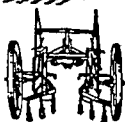

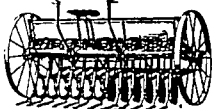

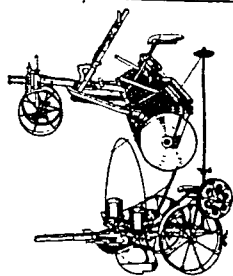

the Association for the amount of such damages.

Visitors—

31. Any member of the Association, except a suspended member, shall have the privilege of introducing friends who do not permanently reside in the city of Calgary, provided such friends would be entitled to apply for and obtain election as a member of the Association, and such persons shall be admitted to the privileges of the Association for periods not to aggregate more than thirty days in any year.

Withdrawal—

32. Any members whose dues are not in arrears shall be at liberty to withdraw from membership in the Association on his written application to the Executive Committee, and upon return to the Executive Committee of his badge of membership. Any member expelled shall, immediately on expulsion, surrender his badge of membership.

CONSTITUTION AND BY-LAWS—Continued

Amendments to By-laws—

33. These By-laws shall not be altered, amended, varied or added to, except upon a motion of which notice has been given at a meeting of the members held previously to the meeting at which the same is to be considered, setting out such alteration, amendment, variation or addition.

34. No amendment, alteration, variation or addition to these By-laws shall be made, except by a two-thirds' majority vote of the members present and entitled to vote at any Ordinary or Special Meeting of the members of the Association.

Constitution—

35. This Association is subject to the Constitution adopted by the Annual Convention of The Great War Veterans' Association of Canada, held in Toronto, in the year 1918, and the Provincial By-laws, and these By-laws are to be read and construed with that Constitution and those Provincial By-laws, and wherever any conflict exists between these By-laws and the Constitution, the Constitution and Provincial By-laws shall prevail.

General—

36. (a) Any member of the Association who withdraws from membership or is suspended or expelled, shall have no claim or interest in the Association or in any of its assets.

(b) Members shall behave in an orderly manner, on the premises of the Association, or in any place in use temporarily or permanently by the Association for any purpose. No member of the Association shall in any of the places mentioned in this section use blasphemous, indecent or grossly vulgar language. No member shall utter, or cause or suffer to be uttered

any false statement, news or report which would be detrimental to the integrity of the Association or of any member thereof.

(c) No newspapers, periodicals, magazines, books, writing material or any property of the Association shall be removed from the premises of the Association, except in accordance with resolutions made by the Executive Committee.

(d) No gambling, raffles, lotteries or gaming shall be allowed in or about any of the premises of the Association.

(e) No intoxicating liquor shall be allowed upon any of the premises of the Association.

(f) No member of the Association or other person shall be allowed on any of the premises of the Association in an obvious state of intoxication.

(g) The address of every member of the Association shall be deemed to be "General Delivery" in the post office of the district in which membership is held unless the member delivers to the Secretary-Treasurer a different address which he may from time to time change on notice to the Secretary-Treasurer.

(h) Those members who were Associate Members previous to the passing of the Constitution, shall, as long as they may desire, and pay their dues, remain as such Associate Members and shall enjoy the social privileges of the Association, but will not be able to hold office nor to vote at meetings of the members of the Association.

(i) The corporate seal shall be under the custody of the Secretary-Treasurer, and shall be affixed to all documents requiring the corporate seal of the Association to be affixed thereto, witnessed by the hands of the President, or in his absence, the First or Second Vice-President, and the Secretary-Treasurer.

GROCETERIA, LIMITED

We have put the grocery business in Calgary on what you might call a profit sharing plan. You keep the profit yourself, that would otherwise go to the merchant, when you serve yourself and carry your goods etc. Why pay for something you do not receive? Our prices are based on cost plus a small overhead charge, all other expenses eliminated. We have

Facts in Connection with the Sale of Land

We have over 1,000 farms listed in the province of Alberta.

There are no two prices for land. All buyers are permitted to inspect the listings and see for themselves that no fictitious prices are asked.

We have one rule: We will not accept a listing which reads net to the purchaser. His price must include our commission.

On all lands listed with us for sale a returned veteran will be given the benefit of this commission where it exceeds 50 cents per acre.

Our commission charge is 5 per cent., payable by the seller. All listings are on our regular forms and signed by the owner. This enables us to protect this offer to returned men.

This offer holds good in both Calgary and Edmonton. Our offices are at your disposal to give any information we can free of charge. Do not hesitate to use us.

To the Returned and Returning Soldier:—

MAY your years be long and happy, that you may enjoy in full measure the glorious Peace and honors you have brought to our Canada. Prosperity must be yours. A grateful country will demand it for you.

Whilst you were daily experiencing the agony of battle you for our sakes so voluntarily accepted, our thoughts and prayers were for you. And now that you are being absorbed back into civil life to follow your pre-war avocations or trades and professions now open to you, our thoughts are yet for you.

Our individual and collective debt to you must, and shall be, paid in full.

FOWLER'S CIDERS FIRST FOR THIRST

Neilson's Always at your Service

A WARM spot has always existed in our hearts for you boys who have gone to the Front, and now that you are returning home it is our desire to be all the service we can in helping you to get settled again.

TO be of such service we have made arrangements to extend to all Returned Men, providing their credentials will pass our censor, a system whereby the payments for Home Furnishings may be extended over a period of time.

With all our Best Wishes—

THE NASH SIX PERFECTED VALVE IN HEAD MOTOR

NOW that sufficient time has elapsed to record a verdict on the actual performance of the Nash Perfected Valve in head motor, it is evident how thoroughly efficient this motor has proved in varied and severe service in all parts of the country. As a general engineering and manufacturing achievement, it has fully justified its reception.

Greetings

From Citizens of Calgary

THROUGH the medium of your own official organ, the Citizens of Calgary take this opportunity of again expressing to you their sincere appreciation of your gallant efforts as members of Canada's Fighting Forces.

To those of you who have returned, we extend the heartiest of welcomes and trust that in resuming your former positions in civil life you will be favored with the true success which you all so richly deserve.

To your fellow comrades overseas and all whom we expect to welcome home in the near future, we offer renewed thanks for their valorous deeds and acts on behalf of civilized humanity. May God speed attend them on their return.

For the souls of brave men who have fallen in their noble efforts for victory, we implore a lasting Peace and may theirs be the happy knowledge that their sacrifice was not in vain.

On behalf of the citizens of Calgary,

R. C. Marshall

Mayor.

Great War Veterans' Association Alberta Provincial Convention Lethbridge, January 13th, 1919

The annual convention of the Great War Veterans' Association opened this morning with President J. W. Dyson, of the Provincial Branch, in the chair. The convention is the third of the Association. With the solemnity of silence, and all standing, honor was paid to the comrades who had fallen in the war and to the wounded and sick who were dying.

In opening the convention, President Dyson said that they were met to deliberate matters of vital importance, not only to the men here, but also to those who had yet to return. The discussion that would take place would be of the sanest and soundest. The outcome, he felt sure, would not only affect Lethbridge and the province, but also the whole Dominion. He called on Mayor Hardie who, he said, was an untiring representative of the

interest of the returned men of the province and the Dominion and a man who had spared no time and no reasonable expense in the interests of the returned men to address the meeting.

Mayor Hardie then welcomed the convention and hoped that it would be productive of much good. In their past deliberations, the men had shown that they were thoughtful. As they handle matters with care and justice, they will benefit the whole of Canada. "We have seen," he said, "soldiers on the continent who have adopted extreme measures. These extremes will not benefit them." There are no Bolshevik soldiers in Canada; they were as sane as the soldiers in Great Britain. The people will stand by them, but will not countenance anything of Bolshevism. Prosperity is impossible without the soldier being happy and contented.

but at the same time the civil population, in the matter of employment, have to meet with consideration, and to this the soldiers cannot but sensibly agree. Everything necessary should be done for the returned soldier. He could not express his gratitude to them for what they had done. Canada was under an obligation to them it could never repay.

President Marnock, Lethbridge Board of Trade, next welcomed the convention "The Association," he said, "has many responsible duties before it. You have already done some good work for your comrades, and have gathered to yourselves public approval and help, by wise guidance of your affairs. We have come to the period of reconstruction, which means many things, social, political and economic."

The following greeting was received from The Great War Next-of-Kin: "On this, the first occasion of your assemblage in Lethbridge, when you are about to enter into deliberations which will so closely affect the destiny of your organization and the future welfare of your members, we hasten to add to the many addresses of welcome you will receive, the hearty welcome and sincere good wishes of our association. While the result of the approaching Peace Conference may perhaps diminish our active usefulness in that sphere of operations common to our respective associations, it can never diminish the pride and interest we take in your association, in the organization of which we feel we were in some measure permitted to assist."

"As the chosen representatives of your organizations in Alberta, you will in a comparatively short time be called upon to give an account of your stewardship to those of your comrades who are about to return."

"That your account will be a worthy one there can be no doubt, and then, perhaps, by virtue of our somewhat peculiar relationship, we may be permitted to take some pride to ourselves in the fact that we helped you to grow."

"You have honorably fought for the rights which should now be accorded to you, and in the wise administration of your affairs you are bound to exercise in our community a beneficial influence which it will be impossible to ignore."

"The sacredness of your trust is only equalled by the sacrifices we have made, and therefore, that you may eventually be permitted to enter into

"Sir.—I have the honor, by direction of His Honor the Lieutenant-Governor, to convey to you His Honor's regrets that owing to unforeseen events he will not be able to attend the opening of your convention at Lethbridge on the 13th inst. His Honor feels assured that all your deliberations will be for the betterment of not alone the returned soldier but every citizen of this province. He wishes you a successful convention."

The president called the meeting to order at 9.30 a.m.

A letter was received and read from the provincial secretary of Saskatchewan regretting the inability of their delegate to be present, and was ordered filed on motion of Comrade Mundy and Comrade Walsh.

The Committee of Appeals and Grievances reported as follows:

Re Complaint Sgt. Jewett.—The committee convened and considered the complaint of the Lethbridge Local of the G.W.V.A. re the announcement appearing in the Lethbridge *Herald* of January 11th, 1919, that 'Sergeant of the Great War Veterans of Lethbridge was elected provisional chairman of the Radical party inaugurated by the delegates of the Alberta Federation of Labor at the political organization meeting following the convention at Medicine Hat, Sergt. Jowett being a fraternal delegate to the convention,' and, having considered the evidence submitted to the Appeal and Complaint Committee, the Appeal and Complaint Committee are of the opinion that:

'Sergt. Jowett was not an authorized representative of either the Lethbridge or Medicine Hat Locals of the G.W.V.A., and that a repudiation of his connection at the Alberta Federation of Labor convention as representing any Local of the G.W.V.A. be immediately published in the newspapers.

Committee

Moved by Comrade Irwin, seconded by Comrade McArthur, and carried:

"That report as submitted be adopted."

The session then adjourned until 3.30 p.m.

On resuming business at 2.30 p.m., the Hon. Chas. Stewart, Premier of Alberta, who had made the journey especially for the purpose, was introduced to the convention and received by the Veterans by loud applause.

The premier spoke with great earnestness as to the high value as citizens he placed on the returned men and felt he could at all times depend on them in the future as in the past to uphold the honor of Canada. He looked on them to play an important part in the readjustment of affairs from conditions of war to peace, and knew that they would do their part nobly. He viewed with no little alarm the present labor unrest and although he by no means wished to appear pessimistic, he strongly

favored the policy of looking ahead and doing everything possible to provide employment for all during the period of demobilization. Although he was of the opinion that returned men should always be given preference, when capable, we must also provide employment for the civilian population. In conclusion, he thanked the convention for the privilege of addressing them, and hoped that their deliberations would not only result in benefits to the G.W.V.A., but also the whole of Canada.

The Credential Committee submitted a recommendation that G. C. Ellis be recognized as a delegate from Edmonton, vice Comrade Simmons, who had been called home hurriedly. Comrade McArthur raised the point that the convention should first approve of this recommendation before the necessary credentials were signed, and this having been done, the credentials were duly signed.

Report of By-laws Committee

The By-laws Committee were next called upon to report, and Comrade Reinhardt asked, through the chair, for suggestions to the committee for their consideration. It was decided

that by-laws to cover the work of the executive for the coming year were required. The committee then withdrew and the meeting adjourned for twenty minutes.

The convention having again assembled, Comrade Reinhardt reported for the committee as follows:

"Your committee recommends that Sections 54 to 64 of the Dominion Constitution be adopted as the By-laws of this Provincial Command, with the following additions:

"That all matters pertaining to the general policy of the G.W.V.A. in the Dominion shall be forwarded to the Dominion Command, through the Provincial Command, and that a copy of all such business be sent to the Provincial Representative of the Dominion Executive.

"That any matter affecting the general policy of the G.W.V.A. in Alberta should first be referred to the Provincial Command before action is taken by any Local."

Moved by Comrade Diffenbacher, seconded by Comrade Maddison, and carried: "That the report be adopted as rendered, with the following addition:

"That the secretary's headquarters shall be in the city of Calgary."

The committee further recommended that representation at the next Provincial Convention be as per the present Dominion Constitution and not on the numerical plan.

Moved by Comrade Rand, seconded by Comrade Nightingale, and carried: "That the recommendation be adopted with the exception that all Locals be permitted to a minimum representation of two."

Moved by Comrade Nightingale and seconded by Comrade Longworth, and carried: "That travelling expenses for the next Provincial Convention be pooled, this not to include living expenses or loss of time."

Report of Committee on Grievance and Appeal

Comrade Starkie reported for this committee re Comrade Buchner and the Milk River case, that the committee recommends that a by-law be drawn up to prohibit one Local going into the territory of another Local for any public purpose without first securing the consent of the Local concerned, and of the Provincial Command.

Moved by Comrade Longworth and seconded by Comrade Stewart Irvine, and carried: "That the recommenda-

Report of Resolution Committee

Comrade McKenzie reported for the Resolutions Committee as follows:

The Resolutions Committee would respectfully submit that the following procedure be adopted in dealing with our report:

That each resolution will be read by some member of the committee, each member of the committee will list name the mover and seconder of the resolution, who have already agreed and are members of this committee; the resolution will then be ready for discussion. The members of the committee are desirous that they shall not be asked to make any speeches except short explanations on any particular point that may arise. We would ask the comrades not to raise questions of discussion in resolutions as your committee are of the opinion that the ground is covered in some one resolution. If

any comrade feels that something has been overlooked and note same, if same has not been covered by any resolution the committee are prepared to accept any amendment, even after the resolutions are temporarily adopted one by one. There has been a great deal of material handed over to us and while some objections were made in certain instances to resolutions being lengthy, the committee deemed it advisable not to interfere in the form as a good deal of trouble had been taken by the Locals in preparing same."

Seventy-one resolutions were then discussed and are hereto attached in supplement form. All these resolutions were carried with the exception of No. 57, which was lost, and No. 65, which was referred to the Provincial Executive for further consideration. These resolutions occupied the attention of the convention till late on Thursday forenoon.

Moved by Comrade Mundy, seconded by Comrade Maddison, and carried: "That all resolutions be referred to the incoming executive for consolidation and distribution."

Moved by Comrade Mundy, seconded by Comrade Quigley, and carried: "That the Resolution Committee be

The convention was then addressed by Comrade Howard Stutchbury, Commissioner, A.R.S.C., who dealt firstly with the cases of men suffering from tuberculosis who, upon discharge from treatment, were allowed to shift entirely for themselves, with the result that men became re-affected or the partly-cured disease re-asserted itself, with the result that it often became necessary to admit them to hospital. He suggested that they be under treatment and care for at least six months after discharge from the sanatorium.

Dealing with epidemic diseases, such as the "flu," he suggested that all treatment should be free for at least one year after discharge as a man's condition was such, owing to his disabilities, that he was very susceptible to such diseases. This was very noticeable in the cases of men who had been gassed.

Moved by Comrade McArthur and seconded by Comrade Irwin, and carried "That the convention adjourn."

Election of Officers

The following were appointed scrutineers. Comrade Stutchbury, Comrade Cleland and Comrade Dace.

Moved by Comrade Johnson, seconded by Comrade Bannerman, and carried "That five minutes be allowed for nominations in each case."

The following were nominated for President: Comrade Irwin, nominated by Comrade Walsh; Comrade McKenzie, nominated by Comrade Rand; Comrade Waistell (withdrawn), nominated by Comrade McArthur; Comrade Dyson, nominated by Comrade McArthur; Comrade Seivewright, nominated by Comrade Nightingale.

The result of the ballot was as follows: Comrade McKenzie, 11; Comrade Nightingale, 8; Comrade Irwin, 4; Comrade Dyson, 3.

The convention then passed a unanimous vote in favor of Comrade McKenzie, and the chairman then declared him elected president for the year 1919, congratulating him upon his election and the convention on their choice.

Comrades Nightingale, Waistell, Longworth, Irwin and Diffenbacher also congratulated, on behalf of their respective zones.

The following were nominated for First Vice-Presidents: Comrade Dyson (4 votes), nominated by Comrade

Stettler, nom. by Comrade Rand;
Red Deer, nom. by Comrade Mundy;
Vermillion, nom. by Comrade Starkey;
Medicine Hat, nom. by Comrade Sims;
Lethbridge, nom. by Comrade McArthur

Comrade Alcock then withdrew the Red Deer nomination, and the ballot resulted as below:

Stettler, 9; Vermillion, 9; Lethbridge,
Medicine Hat, 3

The convention then voted on Stettler and Vermillion, with the result that each point polled 13 votes. The chairman then polled a casting vote in favor of Stettler and announced that Stettler would be the convention city for 1920

This having concluded the business, the chairman then handed the reins of office to Comrade McKenzie, stating that he was ever ready to assist and trusted that Comrade McKenzie would call upon him if at any time he needed his assistance.

Comrade McKenzie having replied in fitting terms, the convention was declared closed

soldiers and would eliminate the present unfairness which provides only for one class,

Now therefore be it resolved that the Government of the Dominion of Canada be petitioned to institute a scheme whereby returned soldiers other than those going on the land shall be given assistance and loaned money on long terms at 5 per cent per annum, on good security, to enable them to set themselves up in business, and

Further that in the event of any man not having personal security, he be allowed to furnish same by the endorsement of a responsible party or parties

2 Defaulters under the M.S.A.

Be it resolved that this convention places itself on record as being opposed to the attitude adopted by the Federal Government in their non-action regarding defaulters under the Military Service Act

And further, that this convention recommends that a special branch of the Department of Justice be established for the purpose of bringing to justice all men who have evaded their military obligations.

3 Political Patronage

Whereas we have been advised by the Provincial Government that political patronage would cease;

And whereas two-thirds of the appointments to service under the Provincial Government made during the past year have been given to other than returned soldiers,

Be it therefore resolved that the Executive of this Alberta Association be instructed to protest to the Provincial Government against this practice, and against the breach of its pledge to the returned soldiers

4 Membership and Transfers Between Locals

Whereas it is a hardship on small Branches that Branches at Discharge Depots are accepting members whose residence is in the vicinity of the small Branches,

There be it resolved that if such applications be accepted by such Locals at Discharge Points then when the member moves to his home centre, his transfer be immediately made to his home Local.

Whereas, from time to time these men are discharged during quiet periods and for other reasons, whilst other men who were equally able to enlist for active service during the Great War and failed to do so, are retained

Now therefore be it resolved that the said Governments and private enterprises are herewith petitioned to give the said returned soldiers the preference of all permanent positions, and if these Departments desire at any time to reduce their staffs these men shall be discharged who have not given service to their King and Country in this or any other war in the battles of the Empire, and

Be it further resolved that seniority shall date from such employee's enlistment.

detriment, risk and inconvenience of the travelling public,

And whereas serious losses to owners of live stock in conveyance have resulted, from which their only protection is by the hardship of heavy insurance charges,

Be it therefore resolved that the Government now be petitioned, as the scarcity no longer exists, to enforce the terms of complete construction of the said railways, with operations to proceed to an immediate and efficient conclusion

7 Civil Service Appointments

Whereas it is the impression of soldiers of the C.E.F. now returning, and of those already returned, that the Dominion Government desire to employ in the Civil Service of Canada all such men to vacant positions according to their particular fitness and qualifications, and

Whereas the Alberta G.W.V.A. feels justified in petitioning that ex-soldiers of the C.E.F. who have served on a belligerent front should, when possible, receive the Government's especial consideration, and

Whereas it has come to the attention of the said G.W.V.A. that within recent date the position of postmaster at Red Deer, Alta., has been awarded to a then undischarged member of the Canadian Naval Forces whose service in the Great War was limited to the duties of a storekeeper at Esquimalt, B.C., he never having left the soil of Canada on active service, and

Whereas honorably discharged ex-members of the C.E.F. who served overseas and had been residents of that city for some years, made formal application for the postmastership and received absolutely no consideration,

Now therefore be it resolved that this Provincial Command of the Alberta G.W.V.A. in convention assembled, do petition the Civil Service Commission, through our Dominion Command at Ottawa, to take cognizance of this unwarranted discrimination to the detriment of the public service, cause the annulment of the appointment immediately and again call for applications for the position with a view of awarding it to some such party whose service to King and Country in the Great War and his personal ability for executive duty in the Postal Department, shall render to the public the utmost in valuable service.

8 Returned Men Employed in M.D. No. 13

Whereas repeated efforts have been made by the Alberta G.W.V.A. and

repeated promises have been given by the D.O.C., M.D. 13, that no man be employed at District Headquarters who has not served with the C.E.F. overseas, and

Whereas the promises given have never been carried out,

Be it therefore resolved by this convention of the G.W.V.A. of the province of Alberta, duly assembled at Lethbridge, this 13th day of January, 1919, that the Federal Government be petitioned to immediately issue instructions that all men employed in any of the several departments of M.D. 13, who have not been overseas, be immediately discharged, and any such positions thereby vacated to be filled by returned veterans of the Great War, and in the case of female positions to be filled by soldiers' dependents who may be found fully qualified to occupy them

PROVINCE OF ALBERTA

The province of Alberta offers attractive and varied opportunities for the homemaker and investor

Lands

It has large areas of land open for homesteading and it likewise has moderate priced improved lands for the investor

It has a climate which makes northward development possible

It has half the coal area of Canada

*It has timber for fuel, fencing and light building in the north and west

Live Stock

The Province is distinguished for its opportunities for small ranch enterprises and still more for its development in live stock and dairying on the farms in the central part of the province. Good stock of any kind can be secured within the Province by the settlers.

Communication

Railway services extend as far north as Fort McMurray on the eastern side of the Province and to Peace River Crossing and Spirit River to the northwest. The three great transcontinental lines serve both the southern and central parts and connect the province with the coast and the east. The country is served by north and south connecting lines besides. Rural telephone service is established throughout the Province

Department of Agriculture

The Department of Agriculture administers a system of agricultural schools in the province and in addition to this has popular educational services illustrated in short course schools; fairs and institutes; demonstration trains; women's institutes, bulletins, etc.

It provides marketing services for butter, cheese and eggs. It has guaranteed the construction of 150 elevators under the management of farmers' co-operative associations; it assists selling in seed grain and produce.

It finances the farmers by guaranteeing loans to co-operative groups of farmers for purchase of live stock, by making long term farm loans on the amortization plan and by co-operating with the municipalities in guaranteeing loans made by municipal loan groups.

10 Civil Service War Bonus

Whereas many ex-members of the Canadian Expeditionary Forces have entered the Civil Service, after April 1st, 1918, are directly affected by the decision of the Dominion Government to not award the war bonus to civil servants entering their employ after that date, and

Whereas such men feel that unfair discrimination is proposed against those who have already sacrificed so much in their country's cause,

Now therefore this Provincial Command of the Alberta G.W.V.A. in convention assembled, do petition the Dominion Government, through our Dominion Command at Ottawa, that the grievance state aforesaid shall be immediately adjusted, that ex-members of the C.E.F. now civil servants shall receive in full all the benefits of the war bonus.

The benefits petitioned for shall also embrace ex-members of the Canadian Land and Naval Forces who have attested during the Great War and who may now be employed as civilians in any military, naval or other administrative department, such as that of service in the offices of registrars under the Military Service Act.

11 Medical Board

Whereas the Pension Regulations require all men in receipt of a pension to appear before a Medical Board of Review from time to time for the purpose of revising the existing status of their pensionable disability, and

Whereas, at present, such Board of Review at Calgary and other centres consists of one individual only, whose entire time is not given to the duties of the Board of Pension Commissioners, and

Whereas it has frequently been reported by Pensioners to the G.W.V.A. that such One-Man-Board is carried out in a most superficial manner to the

detriment of pensioners whose award is often unjustifiably curtailed, now therefore be it

Resolved, that this Provincial Command of the G.W.V.A. in convention assembled do petition the Board of Pension Commissioners at Ottawa, through the Dominion Command of the G.W.V.A., that a Three-Men-Board shall be established in every principal city in Canada (at least one member of which shall have served on a belligerent front), and any pensioner dissatisfied with his pension award shall have the right of appeal to such Board by appointment. Pensioners in outlying districts to be provided transportation at the public expense for the purpose of attending such Board, and in the event of a tubercular patient, or other case of special disease, the pensioner to have the right to demand a specialist on his disease from at least one member of the said Three-Men-Board, and that a traveling Medical Board consisting of not less than three doctors, be appointed immediately, whose duty it will be to visit each district for the purpose of examining men who are not satisfied with the pension award.

Whereas many of such sons have left dependent parents to mourn their loss, as well as to now suffer considerable hardship and destitution through the stoppage of funds which their sons gave for their support by means of allowances from their civil salaries, and later by their assigned pay whilst in the C.E.F., and

Whereas the present existing Pension Regulations do not provide a definite scale of payments for the continued support of such cases, now therefore be

it resolved, that this Provincial Command of the G.W.V.A., in convention assembled, do most earnestly petition the Government of the Dominion of Canada, through the Dominion Command of the G.W.V.A., at Ottawa, that immediate cognizance be taken of this grievous state of affairs in our midst and will at once (a) amend and supplement the Pension Regulations by granting a commensurate scale of monthly payments to be made to dependent parents of soldiers who died whilst on active service in the C.E.F. which in no case shall be of an amount less than assigned pay which ceased upon their son's death. If the deceased son assigned none of his army pay to his parents, but it can be proven by them that he regularly supported them by means of remittances, such parents shall be included within the benefits petitioned for. If parents received neither assigned pay nor remittances towards their support, but have at any time since the son's death fallen into such circumstances as would call for his support were he still alive, their case also shall come within the benefits petitioned for. 13 Equality of Pensions

Whereas the existing scale of pensions payable to ex-members of the Land and Naval Forces of Canada is totally out of proportion with the cost of living, are not providing an adequate compensation for the disabilities of the pensioner, and

Whereas the spirit of democracy is totally opposed to any class distinction of the soldier upon his return to civil life, and therefore commend an equal basis of the payment of pensions to all men, and

Whereas the existing system permits of one living in penury, whilst another whose suffering was no greater, is admitted to a condition of luxury at the public expense,

Now therefore be it resolved that this Provincial G.W.V.A., in convention assembled, do petition the Federal

Government through our Dominion Command at Ottawa to take immediate cognizance of the state as shown in the foregoing paragraphs, and will enact such legislative authority which will cause an amendment to the scale of pensions on a basis of equality for all ranks, and that the minimum one hundred per cent disability pension shall henceforth be of an amount of not less than \$1,000.00 per annum

14 Education of Pensioners' Children

Whereas a number of women widowed as a result of the war have children who require to be educated; and who, under the present scale of pensions will be unable to properly educate their children and so fit them to take their place in life,

Whereas the Ministry of Pensions for the Imperial Forces in London have arranged to assist war widows so placed,

Therefore be it resolved that the Government Pension Commissioners be requested to make special provision for same

Save Time By consigning your grain to commission merchants in this exchange; you save at least 24 hours and sometimes 72 hours. Final settlement cannot be sent you until official weight certificate is issued at Fort William. The train that carries this weight certificate to your agent elsewhere, to permit him to make up final settlement, will carry final settlement from your agent here direct to you. This will save you bank interest, etc. Look into it.

Whereas the pay of a soldier is not sufficient to enable him to travel to his home, only on rare occasions, and

Whereas men in hospitals and convalescent homes are greatly benefited by the change accorded in his visits to his home,

Therefore be it resolved that the order-in-council withdrawing the half-fare principle be rescinded and that all men in uniform, who can show that they are still under military orders, be allowed to travel under the original scheme.

16 War Gratuities

Whereas, under an existing order-in-council, many Canadian citizens who, at the outbreak of the Great War, were on the strength of the Imperial Reserve and who, being called to the colors and served their country honorably and with devotion to duty during the severest fighting, from the beginning are not shown as being entitled to any war gratuity under said order-in-council, and

Whereas these men hereinbefore mentioned immediately left their homes and positions, thereby placing themselves in the same category as men who served with the C.E.F.,

Be it therefore resolved that this convention of the G.W.V.A. of the province of Alberta, duly assembled at Lethbridge this 13th day of January, 1919, do petition the Dominion Government of Canada to amend the said order-in-council so that all men hereinbefore mentioned will receive the benefits of the War Gratuities Act upon an equal and corresponding basis with members of the Canadian Expeditionary Forces.

17 War Service Gratuity Lump Sum for Men Taking Vocational Training

Whereas men who have been discharged previous to November 11th, 1918, and have received their Post Discharge Pay,

And whereas these men are now civilians and some of them in business for themselves,

We, The Great War Veterans' Association, Provincial Command of Alberta, therefore request the Government to pay to these men their war service gratuity in a lump sum as this would be a great advantage to them in the reconstruction of their business and their re-establishment in civil life.

18 War Gratuities

Whereas by Order-in-Council No. P.C. 3165, dated the 21st day of December, 1918, regulations are brought into force under which it becomes lawful to pay a war service gratuity to certain members of the Canadian Expeditionary Force, and

Whereas those members of the Canadian Expeditionary Force who entered the service as volunteers but who, from various causes were not enabled to serve on an actual belligerent front and who were discharged prior to the 11th day of November, 1918, do not benefit under the said order-in-council, and

Whereas if those hereinbefore last mentioned members of the Canadian Expeditionary Force had been retained in the service until the 11th day of November, 1918, they would be entitled to benefit under the aforesaid order-in-council, and

Whereas the afore-mentioned members of the Canadian Expeditionary Force who entered the service as volunteers, but who, from various causes were discharged prior to the 11th day of November, 1918, are in a less advantageous position than they would be in if they had not volunteered, but had been taken into the service at a later date under the operation of the Military Service Act and had been in the service in England on or before the 11th day of November, 1918,

ABOVE ARE SUPPORTERS OF THE G.W.V.A.

Be it therefore resolved by this Provincial Convention of the Great War Veterans' Association in convention assembled at Lethbridge in the province of Alberta, this the 13th day of January, 1919, that the aforementioned order-in-council is unjust as it excludes those members of the Canadian Expeditionary Force hereinbefore mentioned as not benefiting under the same, and we hereby petition the Dominion Government to take immediate steps to have this injustice removed, and to amend the said order-in-council so as to extend the benefits thereunder to those members of the Canadian Expeditionary Force mentioned hereinbefore as being excluded.

19 War Gratuity

Whereas by a recent order-in-council the Government announced a scale of war service gratuities payable to members of the Canadian Expeditionary Forces upon their discharge from the army, and

Whereas many thousands of Canadian citizens volunteered for active service, and did actually serve in one of the theatres of war, suffering wounds or disease, which caused their return to Canada and subsequent discharge, and

Whereas under the said order-in-council these men will, in most cases, receive a considerably smaller amount of war service gratuity than their comrades, who had the good fortune not to be wounded or suffer disease and were thereby enabled to continue on duty until November 11th, 1918, or later;

Now therefore be it resolved that this Provincial G.W.V.A. in convention assembled do petition the Federal Government, through our Dominion Command at Ottawa, that they will immediately amend the said order-in-council so that the length of war service shall constitute and read as from the date of attestation until November 11th,

1918, and that war service gratuity be payable on that basis.

20 War Gratuity Payment for Odd Months

Whereas by a recent order-in-council the Government announced a scale of war service gratuities payable to members of the Canadian Expeditionary Forces upon their discharge from the army, and

Whereas the said scale provides a definite sum payable upon the completion of one, two or three full years of war service, and

Whereas a considerable number of men fall short of given yearly periods by a few weeks or even days, and thereby receive no proportionate war service gratuity for the odd months,

Now therefore be it resolved, by this Provincial G.W.V.A. in convention assembled, that a petition be sent to the Federal Government through our Dominion Command at Ottawa, bringing to their notice this phase of the grant of war service gratuities, and that they be requested to amend the said order-in-council by a corrected scale getting out the war service gratuity in monthly periods above the first year, all below one year to be considered as such.

21 Allowances for Vocational Training

Whereas many ex-members of the Canadian Land and Naval Forces who have served in the Great War and are eligible for vocational training at one of the various centres established by the Government for that purpose, do by reason of the high cost of living find that the source of income allowed whilst under vocational training is totally inadequate, and for that reason many men decline to enter this branch for that very reason to the detriment of themselves and the community, and

Whereas the payment of wages only once per month whilst at the vocational

schools is a further hardship, and

Whereas many cases have come to the attention of the G.W.V.A. of applicants for admission to vocational training schools being kept on a waiting list for an unjustifiable period with resultant financial loss to these men,

Now therefore be it resolved this Provincial G.W.V.A., in convention assembled, do petition the Federal Government, through our Dominion Command at Ottawa, that they will take immediate cognizance of the grievance set out in the foregoing paragraphs and that they do apply the following remedies:

(1) A minimum wage of \$80.00 per month for single men, and a minimum of \$100.00 per month for a married man, together with an additional \$10.00 per month for the first child and \$5.00 for the second and each of his other children.

(2) That men be paid bi-monthly.

(3) That the date of signed application for qualified admission to a vocational school shall constitute the date of his being posted on the pay-roll of the said school.

22 Clothing Allowances

Whereas men discharged from the Canadian Expeditionary Force after April 1st, 1918, receive \$35.00 Clothing Allowance, and

Whereas men discharged prior to April 1st, 1918, received only \$8.00 in the summer and \$13.00 in the winter, and

Whereas it was impossible for any soldier discharged from the Canadian Expeditionary Force to outfit himself for \$8.00 or \$13.00,

Therefore we, the Great War Veterans' Association, Provincial Command of Alberta, in convention, request the Government to make this order-in-council in reference to \$25.00 Clothing Allowance, retroactive to the beginning of the War.

23

Uniforms

Whereas men discharged previous to April 1st, 1918, and after November 11th 1918, have been allowed to retain their uniforms,

And whereas men discharged between April 1st, 1918, and November 11th, 1918, have had to turn in their uniforms,

And whereas on memorial occasions and parades to celebrate any battles or victories of the Canadian Army it would be necessary for the returned veterans to be dressed in full uniform,

We, The Great War Veterans' Association, Provincial Command of Alberta, therefore request the Government to re-issue uniform to the men who turned in their uniform on discharge.

24 Period of Service to Count on Homesteads

Whereas a large number of Canadian citizens who, after enlisting in the C.E.F. for active service in the Great War did avail themselves of the opportunity of filing on certain lands under the Homesteads Act, such action being prompted by the desire to ultimately possess certain specific homesteads thought to be eventually suitable to them, as well as being under the impression that period of service in the C.E.F. would be accepted as corresponding in value to residence on homestead duties, and

Whereas application for information from Dominion Land officials by men concerned as laid out in the foregoing paragraph, is productive of nothing but evasive answers, and the Government have within recent date announced that service in the C.E.F. will not be accepted as equivalent service on homestead duties,

Now therefore be it resolved that this Provincial G.W.V.A. in convention assembled do petition the Dominion Government through our Dominion Command at Ottawa that their decision hereon might be immediately reversed so that service in the C.E.F. shall be

held equivalent to homestead duties no matter whether the land was filed on before or after enlistment in the C.E.F., or after discharge.

25 Purchase of Dominion Lands

That as all men interested in the Soldier Settlement Act understand that it is the intention of the Dominion Government to purchase certain uncultivated lands as may be found applicable to the scheme, we desire to bring to their attention that twenty-one (21) sections of choice mixed-farming lands suitable for soldier settlement is obtainable, said land being located twelve (12) miles east of the town of Olds in the province of Alberta, and known as the Baxter Reed land. Now, therefore, we desire that the Dominion Government be petitioned to procure and obtain this tract of land immediately for the purpose of throwing it open for soldier settlement.

(Any member of the Forces who, whilst in the C.E.F. proceeded overseas, and any man suffering permanent disabilities incurred whilst in service in Canada, shall be entitled to the benefits under the Soldiers Land Settlement Act.)

26 Relief for Needy Settlers

Whereas men having received a portion of the loan under the Soldier Settlement Act in the spring of 1918, and commenced farming operations on their land, and on account of drought or other conditions they incurred great hardship to many of those men and their families, and on account of same have had to go out and seek employment to support themselves and families,

Be it therefore resolved that the Dominion Government be petitioned to advance sufficient money to carry them over the remainder of this winter; also sufficient money to enable them to commence farming next spring.

27 Inspection of Leased Government Lands

In the matter of land under lease, that the Government shall have all leases re-inspected at once, and if such lands shall be found adapted and suitable for cultivation, same shall be thrown open for soldier settlement immediately. Veterans of the Great War shall receive preference of appointment as Inspectors for the Government. That a Special Assistant to the Inspector shall accompany him, said assistant to be appointed by the G.W.V.A. of the district to be inspected, and who shall

be paid a commensurate salary for his services by the Government.

28 Filing on Government Lands

Whereas it has been the custom for many years for the Dominion Government to publicly advertise and announce that at a specified hour on a given future date certain lands will be thrown open to the public for the purpose of their filing claims on said lands or any portion thereof, and

Whereas, by such a system the first person to enter the Land Office concerned has first choice, and so on down a line of waiting applicants, who, in order to preserve their priority have in some instances stood in waiting for days and even weeks without respite, and

Whereas ex-members of the Canadian Expeditionary Forces who in many cases are suffering physically from the results of exposure, disease and wounds received in action during the Great War, and are thereby at a great disadvantage as compared with the average healthy civilian, but have hitherto with patience borne the unequal contest whilst standing in the waiting line for the purpose

of securing a future home or a sanctuary of health.

Now therefore it is resolved that this Provincial G.W.V.A. shall at once petition the Dominion Government, through our Dominion Command at Ottawa, that they take immediate cognizance of this grievous state of affairs, and cause the adoption of a system of adjudication by lot which will correct the same, in justice and fairness to all concerned, leading to the abolition of the existing system, which necessitates the inhuman suffering attending the present method of filing on lands thrown open for settlement. These conditions to apply equally as to the Homestead Act and the Soldiers Land Settlement Act.

29

Whereas the Civil Service of Canada has absorbed into a number of its departments many ex-members of the Canadian Expeditionary Forces who whilst so employed desire to avail themselves of the full benefits of the Soldiers Settlement Act, by procuring a grant of land whereon they may at some future date construct a home for themselves and their families, and

Whereas the regulations of the Soldier Settlement Act demand that the attestation document of the applicant must first be produced, which to the said Civil Servants is refused whilst so employed, thus preventing them from taking the desired action, and

Whereas such refusal discriminates against this particular class, who by their great sacrifices in the Great War should be accorded all the privileges under grant to veterans of the Great War, now

Therefore it is resolved that this Provincial G.W.V.A. in convention assembled do petition the Dominion Government to cause an immediate remedy being applied to the grievance set out above, to the end that impartial benefits shall be available on demand by

qualified applicants, regardless of whether they are employed after discharged from the C.E.F. by the Civil Service or otherwise, in any capacity whatsoever.

30 Soldier Settlement Act

Whereas under the regulations of the Soldier Settlement Board there appears to be considerable misunderstanding as to the exact interpretation of the clause defining who are and who are not "settlers" within the meaning of the Act, and

Whereas it appears to be conceived by both the members of the Soldier Settlement Board and the G.W.V.A., Provincial Command of Alberta, that a literal acceptance of the wording of such clause is neither what was originally intended or what is now desired, and

Whereas under the present conditions it appears that the members of the Soldier Settlement Board are placing their own interpretation on same which in all respects is not in accord with the wishes and ideas of the Provincial Command, G.W.V.A. of Alberta, and

Whereas it is not considered advisable by the Provincial Command, G.W.V.A. of Alberta, that the interpretation of any Act affecting soldiers' rights to be left to the individual judgment of one or more men,

Therefore be it resolved,

(1) That the Dominion Government immediately take such steps as are necessary to amend the clause defining "settlers" under the Soldier Settlement Act in accordance with the following suggestions in regard to the same:

(a) That the words "honorably discharged" and "honorable record" wherever they appear, be deleted and the words "left the Forces" be changed to "and who has been discharged";

(b) That the words "active service" wherever they appear be changed to "active fighting service."

(2) That the following clause be added:

Greetings

*from the United Farmers
of Alberta to the Great
War Veterans' Associa-
tions*

As farmers, we extend a hearty welcome to veterans of the Great War back to civil life.

Your work at the front has been well done.

Your country owes you much, besides sentimental gratitude.

It owes sympathetic and liberal treatment of all disabilities.

It owes intelligent co-operative assistance in getting men established or re-established

It owes to all returned men social conditions under which they can have a reasonable chance of building and maintaining comfortable homes for their families.

Above all, it owes it to the returned men and those who will never return, to strive in all good faith to make Canada a democracy in reality and in truth.

If Canada pays this debt to you, she can do no more.

You owe it to yourselves and to Canada to take a firm, insistent stand that Canada be made a safe country in which returned veterans and all other people can build homes and rear families.

You owe it, as veterans and as citizens, to sympathetically co-operate with all Canadian forces that are working to these ends.

The United Farmers of Alberta acknowledge our indebtedness to you, and we want to pay our indebtedness, not in high-sounding meaningless words and phrases, but in practical co-operation.

We welcome all of you, who see fit to come, to Alberta farms.

We will not look on you as competitors, but as neighbors.

Our organization is for the purpose of bettering farm conditions, and to that end we want the help of everyone of you that cares to take a chance on a farm.

Our strength will be your strength. Your strength will be our strength.

We cannot offer you conditions on the farm that we would like, but we will help you make them better.

We will not ask for anything for you or for ourselves except what we think is right and just, but we will ask for that till we develop force enough to get it.

We have nothing easy for ourselves; we can offer nothing easy to you.

You braved the trenches—can you brave the chances on an Alberta farm?

We advise you to be very careful in the selection of land and location.

Look to the future rather than to the present.

We will help you make that future what it ought to be.

THRIFT AND WAR SAVINGS STAMPS will help finance after the war work. They will be the means of ensuring to soldiers the place in the business, industrial and agricultural life of Canada. Every stamp that is bought is so much more insurance that Canada will be able to take care of its due obligations to the soldiers who bore war burdens.

CANADA MUST FINANCE ITSELF almost entirely, and unless such financing equals the needs, there surely cannot be development and prosperity such as Canada, with its vast resources, should enjoy. It is up to ourselves whether we grasp the opportunities. The Thrift and War Stamps furnish the funds whereby these opportunities can be seized—and they pay 4½ per cent. interest.

What Lies in the Future for the Soldiers of Canada? Here's the Vital Question. Soldiers and Civilians must think hard and work to solve the problem, and one of their chief aids inevitably will be War and Thrift Stamps. Every Soldier owes it to himself and his dependents to assist and encourage the Thrift and War Stamps movement.

present status of said payments for the purpose of voiding said sales where land has not been cultivated and payments are over two years in arrears, and

Further, that said land should be sold to returned soldiers at a price not over the original Government upset price, either under the original terms of payment or under the Soldier Land Settlement Act.

32 Increase of Loan by S.S.B.

Whereas it is necessary in order to settle returned soldiers on the land during the period of demobilization that some action be taken at once, under the Land Settlement legislation,

And further, whereas if this legislation is delayed until such time as to give it an opportunity of being passed on by the Dominion Parliament and the several Provincial Houses, it will be too late to be any effective aid in rehabilitating the soldier in civilian life,

Therefore be it resolved that the Central Government be memorialized to promulgate at once as a temporary measure under the War Measures Act, an order-in-council, extending and widening the powers of the Soldier Settlement Board under the Land Settlement Act in order that said Board shall have the power to loan up to \$5,000 on purchased land and up to \$1,500 on chattels, etc.

33 Indian Lands

Whereas many returned soldiers of His Majesty's Canadian Expeditionary Forces are desirous of becoming farmers if land in suitable localities were available to them, and we believe that many of the soldiers yet to return will also wish to engage in the same occupation, and

Whereas the Land Settlement Scheme of the Dominion Government is not sufficiently advanced to enable the said

returned soldiers to enter upon said occupation, and

Whereas we understand that more land is reserved for Indians in Western Canada than necessary for the requirements of such Indians and said lands are generally in localities suitable for soldier settlement,

Therefore be it resolved that the Government of Canada is hereby requested to acquire by purchase or otherwise on fair terms, from said Indians, all of the said reserved lands not so required by the Indians and that the same be made available for settlement by returned soldiers

34 Blood Reserve

Whereas the Blood Indians who own the reserve containing 350,000 acres in Southern Alberta have agreed to dispose of some 5,000 acres at the south end and 50,000 acres at the north end, all of which is excellent farming land,

Resolved, that the Alberta Provincial Command of the G.W.V.A. respectfully suggest to the Dominion Government that steps be taken at once to make available the 100,000 acres referred to, for returned soldiers who desire to engage in farming.

35 Land of Alien Enemies

Whereas any alien enemy or otherwise who had entered on a homestead and was of military age and who has completed his duties according to the Homestead Act, and who in order to avoid military service did not apply for his patent,

Now therefore be it resolved that all alien enemies or neutral shall forfeit their right to issue of patent.

Nothing in this resolution shall affect our allies in the Great War,

And that this resolution shall be retroactive to the date of promulgation of the Military Service Act.

War Gratuities Men Discharged in England

Whereas many ex-members of the Canadian Land and Naval Forces were discharged from the Service in the United Kingdom from various causes, and by the regulations of the order-in-council governing the payment of war gratuities, this class of men receive no benefit thereunder, and

Whereas many Canadian citizens were enlisted in Canada or in any other country in the Imperial Forces, were honorably discharged, and subsequently returned to Canada, do not benefit under the said order-in-council, and

Whereas many ex-members of the Imperial Forces who served in the Land and Naval Forces of the Imperial Government were honorably discharged for cause, and are now domiciled in Canada, do not benefit by the said order-in-council, and

Whereas many foreign-born citizens of Canada were called to serve in the Forces of our allies in the Great War were honorably discharged for cause and are now domiciled in Canada, and do not benefit by the said order-in-council, and

Whereas many foreign-born citizens of Canada were called to serve in the forces of the our allies in the Great War, were honorably discharged for cause and are now domiciled in Canada, and do not benefit under the aid order-in-council, and

Whereas many nursing sisters served in the R.A.M.C., are honorably discharged for cause are now domiciled in Canada and do not benefit under the said order-in-council,

Now therefore be it resolved that this Provincial G.W.V.A. in convention assembled do petition the Dominion Government, through our Dominion Command at Ottawa, that they will take immediate cognizance of the justice of award of war service gratuity to the parties referred to in the foregoing paragraphs, to the end that the said award shall also apply to the persons referred to, being always less any corresponding gratuity payable by the Imperial Government.

THIS DIFFERENCE means dollars to you. If your cylinders and pistons are worn and leaking you are losing from 25 to 50 per cent of the power and gasoline according to expert estimates. If such a waste is going on in your engine, stop it at once. It is going on if your engine has been running for a length of time as any cylinder and piston will get worn and leak after a time.

TO REBORE YOUR CYLINDERS, make new over-sized pistons and rings will not only save you dollars but will make your engine much more powerful and responsive and will reduce carbonization, valve pitting, etc., and stop oil from getting up past the leaky piston rings. The saving in gasoline and oil alone in a few months will more than pay for having this work done.

WHILE THE PRICE OF LABOR AND MATERIAL has advanced considerably, our price today is very little higher than it was four years ago. Whereas under the Dominion Lands Act prior to March, 1918, entry could be made on a half section, i.e., homestead and pre-emption, the residence required to obtain patent therefor being six months' residence in each of three years,

Whereas, under the existing regulations of soldier settlement a returned soldier may make entry on a quarter section as a homestead and on a quarter section as a soldier netry, the residence required to obtain patent therefor being six months' residence in each of three years on each quarter section, or twelve months' continuous residence on either quarter section,

Whereas there appears to be discrimination, as a man who has not been overseas has the advantage over the man now taking up land, by having only half the residence to perform, in order to acquire patent for the half-section,

Whereas, considering a returned man's financial standing, this is undoubtedly a hardship, as in almost all cases three years continuous residence is financially impossible.

Resolved that the Central Government be asked to make the necessary changes in the Soldier Land Settlement Regulations governing the residence required to obtain patent for the homestead, and soldier entries as it was prior to March, 1918, during which period only six months' residence in each of three years was necessary to obtain patent for both homestead and pre-emption.

39 Demobilization

In view of the publishing in the newspapers of the statement made by General Mewburn that the Great War Veterans' Association executive requested that the Department of Militia go slow on demobilization,

Resolved that we, the Great War Veterans' Association recommend the Provincial Convention that a resolution as follows be forwarded to the G.W.V.A. executive and to General Mewburn:

"That we, the Great War Veterans of Alberta, in convention assembled, deplore the statement as quoted by Gen. Mewburn as it is not the sentiment of the returned soldiers of Alberta."

40 Agricultural School

Whereas the Alberta Government has indicated its intention to extend its policy of establishing agricultural schools throughout this province, and

Whereas returned soldiers have already derived great benefits from the instruction afforded them at the agricultural school at Olds, and at the University of Alberta, and

Whereas the Alberta Government has signified its intention to build an agricultural school at Raymond where practical instruction in both grain farming and irrigation farming and live stock raising will be given,

Resolved, that the Alberta Provincial Command of the G.W.V.A. respectfully urge the Alberta Government to immediately proceed with the building of the agricultural school at Raymond.

41 Reclamation

Whereas the Dominion Government has demonstrated by preliminary surveys that waters for irrigation of lands in Southern Alberta are available, and

Whereas further survey work is necessary before construction work can be proceeded with, and

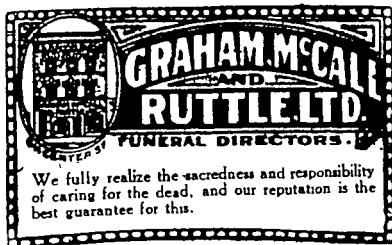

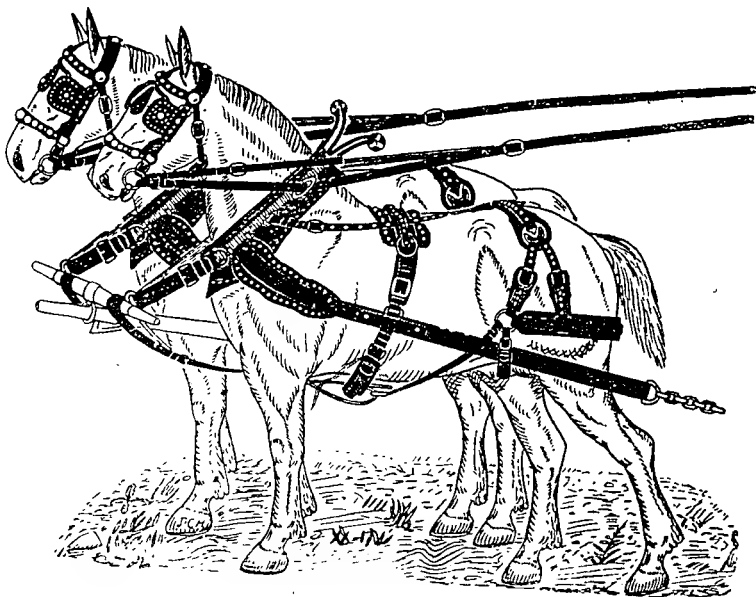

Whereas such construction work would greatly help to provide employment in the period of reconstruction and re-adjustment,

Resolved, that this Alberta Provincial Command of the G.W.V.A. respectfully urges the Dominion Government to have the Department of the

(a) Line from Kipp 25 miles north-easterly to link up with the line from Suffield to Lomond;

(b) The completion of the line through Foremost and Manyberries to its junction with the line laid through Shaunavon to Weyburn or any branch lines.

Employment

Whereas employment will be required by returned soldiers immediately on their discharge, and

Whereas the Dominion and Provincial Government is entering upon a programme of reconstruction and progress to construct various public works,

Now therefore be it resolved that returned soldiers only be employed in all such Government works.

45

Land Titles Office

Whereas the Provincial Government at the outbreak of the war had contemplated the installing of Land Title Offices in centres other than the ones at the cities of Edmonton and Calgary, and

Whereas there was delay on account of the war, and

Whereas now that the war is over there is no need that the matter should be delayed,

Therefore be it resolved that the Great War Veterans' Association in convention assembled hereby petition that the installing of such Land Titles Offices should be proceeded with, with the least possible delay.

Amendment of Curriculum

Whereas there is at present a movement inaugurated in Western Canada to raise the standard of education in order that better citizenship shall arise, and

Whereas it is admitted that at present in this province our curriculum and staff are not of sufficient high standard,

Therefore be it resolved that the Education Department of the Provincial Government be requested to so amend the curriculum as to bring the question of naturalization and citizenship clearly to the children of this province and that the remuneration of teachers be increased so as to make it possible for them to make this profession a life work and in so doing place them

47 Mennonites

Whereas we, the members of the Alberta Command of the Great War Veterans' Association, view with no little alarm the settlement in our midst of a people calling themselves "Mennonites" who, by virtue of certain existing statutory provisions in that behalf, claim for themselves a total exemption from all military service,

And whereas these same people, while apparently quite willing to luxuriate in all the benefits they derive from British Government and protection, are not prepared to give anything in return, but rather persist in fostering among themselves the enemy language and customs, on account of which we believe them to be a serious menace to all principles which tend to the growth of a good and loyal citizenship, and

Whereas there can be no doubt that their recent invasion of this country was occasioned by their desire to evade military service in the United States of America, to which, by recent legislation in that country, they had become liable,

And whereas their purchase of large tracts of valuable land would threaten

to seriously prejudice the rights of soldiers returned and yet to return,

And whereas we consider that in so licensing their existence in this country, free and untrammelled from any responsibility to the Empire, the Government has acted in a wholly unwarrantable and unjustifiable manner,

Now therefore be it resolved as follows:

(a) That the teaching of enemy languages and thought be absolutely forbidden in the "Mennonite" schools, which shall in all respects be made to conform strictly to our laws, and

(b) That the Dominion Government take such steps as may be necessary in the premises to prevent the "Mennonite" from acquiring from the Government by purchase or otherwise, land, at present or which may hereafter become vested in the Crown, and that the same so far as is possible be conserved for the exclusive benefit of soldiers under the terms of the Soldiers Land Settlement Act.

(c) That the said sect of "Mennonites" be absolutely prohibited from entering the Dominion of Canada until an inquiry shall be instituted and the exact status of all "Mennonite" is arrived at.

In consideration of the fact that this will in all probability be the most important as well as the most critical year in the existence of the G.W.V.A., and in further consideration of the fact that the province has attained to practically normal and satisfactory conditions under the Liquor Act, which became effective on July 1st, 1916, and in consideration of the fact that the aforementioned Act represented the will of the people of the province of Alberta, whose sincere co-operation in the future we earnestly desire,

Whereas it appears to the sense of the G.W.V.A. assembled in convention at Lethbridge, January 15, 1919, that as the members of the G.W.V.A. individually have the right to vote as they please, the Great War Veterans' Association will not place on record any opinion with reference to the aforementioned Liquor Act.

Alien Enemies On Royal Commission

Whereas since August 4th, 1914, the beginning of the Great War between the Allied Nations and the Central Empires and their adherents, a very great percentage of our manhood have enlisted and served overseas in the C.E.F., thus depleting the British male population to a great degree, and

Whereas their departure on active service caused them to vacate their former occupations, which positions were in a large percentage of cases occupied by aliens of enemy origin who in the intervening four years have waxed prosperous and independent in such positions, and

Whereas present-day experience demonstrates that these same enemy alien have failed to assimilate into the national spirit of Canada, but rather cling to the language, traditions and ideals of the land of their origin whilst outwardly

and treacherously proclaiming themselves naturalized citizens but in reality despising our flag and all it represents,

Now therefore be it resolved, that this Provincial Command of the G.W.V.A. in Alberta, in convention assembled do earnestly petition the Government of the Province of Alberta that they in common with the Federal Government will cause the immediate appointment of a Royal Commission to investigate the true and real status of such aliens, and if the Royal Commission finds that such persons are unworthy of being Canadian citizens that all naturalization shall be annulled and become void and they and their families shall be deported from this land and never be permitted to return. In any case all alien enemies to be disfranchized for a period of not less than twenty (20) years, neither shall any alien enemy be permitted to enter during the same period for any purpose whatsoever.

50

Divorce

Whereas much matrimonial trouble has resulted from the Great War, causing a desire for divorce by many soldiers and soldiers' wives, and

Whereas the present cost for divorce proceedings is too high for the average person to meet,

Therefore be it resolved that this Alberta Provincial Branch of the G.W.V.A. now in convention, hereby petition the Dominion Government to lower the divorce proceedings so as to enable those returned soldiers and soldiers' wives who desire to avail themselves of the privilege to do so at the lowest possible cost.

ents of soldiers deceased or serving at present overseas, and

Whereas since the inception of G.W.V.A.s throughout the province of Alberta such associations have been besieged from time to time by such distressed persons for monetary assistance to tide them over and relieve their several needs, and

Whereas the various G.W.V.A. Locals whose source of revenue is almost totally confined to membership fees and public generosity as to donations, have reached the limit of their resources and in some instances are involved in debt by reason of large sums in outstanding loans to soldiers and their dependents,

Now therefore be it resolved that this Provincial Command of the G.W.V.A. in Alberta in convention assembled do earnestly petition the Provincial Government to enact such legislation at an early date authorizing an annual grant of money from the Provincial Treasury to each G.W.V.A. Local in proportion to its membership as on the last day of December in each and every year for the years 1918 to 1923 (five years) inclusive, for the purpose of relieving indigent members and their dependents or for any other purpose in the good and welfare of such persons who have sacrificed so much during the Great War.

52 Membership

Resolved, that we, The Great War Veterans' Association of Alberta, in convention assembled, do hereby recommend to the Dominion Command that the Constitution be so amended as to include in active membership any man who enlisted in a service unit who, whilst training or whilst on duty in this country, was permanently injured in the performance of that duty, and was thus debarred from proceeding overseas.

53(a) Men Who Served in Bermuda

That this convention recommend to the Dominion Government that men who have served in Bermuda be placed on the same footing as men who have served in England, providing that they have enlisted in the C.E.F.

53 Life Insurance

Whereas thousands of men have been discharged from the Canadian Expeditionary Forces as medically unfit who upon their enlistment were in the enjoyment of perfect health, and

Whereas the majority of such men cannot obtain the protection of life

insurance for the benefit of their dependents, and

Whereas private life insurance companies decline to insure the said men by reason of their medical unfitness, or by reason of their disabilities contracted whilst on active service,

Now therefore be it resolved that this Provincial G.W.V.A., in convention assembled, do petition the Federal Government through our Dominion Command, to enact legislation leading to the adoption of (a) State Insurance; or (b) Special Form Policies in private insurance companies with Government endorsement and supervision, for returned discharged soldiers. And that a copy of this resolution be sent to our Federal members, Comrade Redman and Mr. Tweedie, soliciting their active interest in this matter.

54 Hansard

Whereas the Alberta Legislature has no record of its proceedings while in session, such as Hansards, and

Whereas the citizens of Alberta have thus no reliable record of what their representatives say in the House during debates, and

Whereas it is considered highly advisable that the electors should be enabled to have a recognized authority by which to judge the activities of all members of the Legislative Assembly,

Therefore be it resolved that this Alberta Provincial Branch of the G.W.V.A. petition the Premier and the Alberta Legislative Assembly to make arrangements for a duly authorized and authentic Hansard's record of the forthcoming session of the Legislature.

55 Badges

That the present exorbitant charge of 50 cents each for badges, which is made made to Locals by the Dominion Command, is unreasonable and that same be supplied to all Provincial Commands at 30 cents each and that same be sold by them to Locals at 50 cents each.

56 Membership Card

That the Provincial Convention do recommend to the G.W.V.A. Dominion Command for immediate adoption of a standard membership card, whose size, color, type and arrangement shall be uniform throughout the entire Dominion of Canada, the style to resemble the active service pay-book, but of vest pocket size.

The Department of Soldiers Civil Re-Establishment, (a) through its Medical Branch cares for the returned man who, after discharge, suffers from sickness due to a war disability; (b) through its Vocational Branch helps to re-establish, by re-training, those returned men who after discharge find they cannot resume their former occupations owing to a disability due to or aggravated by War Service; (c) through its Information and Service Branch looks after the interests of returned men in the labor market, protecting them and supplying full information regarding trade and labor conditions.

The Board of Pension Commissioners

A pension is awarded as partial compensation for the disability due to war service. The pension payment is based on a man's loss of ability to earn a living on the open labor market.

The pension scale as authorized by the Dominion Government is one-third higher than any other pension scale in the British Empire. Even with this advantage, the pension payments in Canada are not, nor are they intended to be, a full compensation for disabilities due to war service.

The re-training given by the Soldiers' Civil Re-Establishment Department in its Vocational Branch, is complementary to the pensions awarded in that if a man has a disability due to, or aggravated by, war service, which may handicap him in or prevent him from resuming his pre-war occupation, he is entitled to a course of re-training with maintenance so that he may earn one hundred cents on the dollar in the open labor market.

Every married man who comes under pension is entitled to a small additional allowance for his wife and each one of their children. This scale is graded according to the percentage of pension. If a man is dissatisfied with pension awarded, or if his disability becomes worse and he needs treatment, he must apply to Board of Pension Commissioners.

Representatives of the Board of Pension Commissioners visit and report on all cases throughout the province. If a pensioner living in the country is dissatisfied with his pension payment and wishes to have his case reviewed, he should write to the Board of Pension Commissioners at Calgary.

Pensions are awarded for disabilities according to the rank or acting rank held at the time the said disability was incurred. The extent of the disability the man suffers from at the time of his discharge from service determines the percentage of pension. This scale of disabilities is tabulated by order-in-council, and according to the place in the table of a man's nature of disability the percentage of pension is awarded.

Widows' Pensions are minimum four hundred and eighty (\$480.00) per annum, payable monthly, scale varying according to ranks.

Widow with one child receives.....	\$12.00
Widow with two children receives.....	22.00
Widow with three children receives.....	30.00
and eight dollars extra for all other children, in addition to her own pension.	

Children's Pensions cease at the ages of: Girls, 17; and boys, 16 years.

Widows' Pensions cease on re-marriage. A gratuity equal to one year's pension payment may be awarded at the discretion of the Board of Pension Commissioners to the re-married widow. This gratuity is not automatic and depends upon the circumstances of the case. The children's pensions continue.

Orphans' Pensions:—

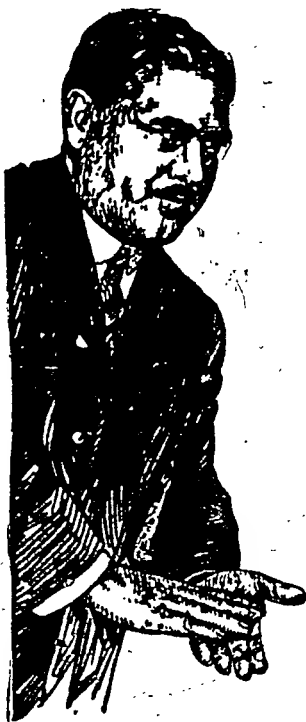

First child, \$24.00; second child, \$20.00; third and subsequent children, \$16.00.

The Calgary District Office is in charge of J. H. Cleland, late sergeant of the 30th and 7th Battalions, and an old veteran of the 1st Battalion Gordon Highlanders. Under him are a staff of 20, all of whom are returned men or their dependents.

The Calgary District Office has jurisdiction over the following territory:

All Alberta south of a line drawn east and west through the town of Ponoka;

All B.C. east of a line drawn between Revelstoke and Grand Forks.

THIS was the remark of an eager volunteer in the early days of the war. He had been turned down by the medical officer on account of bad teeth. He could not understand why the condition of his teeth should affect his efficiency as a soldier. As a matter of fact, few persons appreciate the fact that the condition of the teeth have a very distinct bearing on the health. Bad teeth and good health seldom go together.

The bravest might well shrink from the pain of an average dental operation, but painless methods have been our study. Thousands of satisfied patients testify to the fact that

58 Date of Convention

Whereas on account of there being no train service on Sunday in large parts of the province, it is impossible for many representatives to attend conventions if held on Monday, except by losing one extra day,

Therefore be it resolved that conventions of this Association be held on a day of the week other than Monday.

59 Coal

Whereas in the Dominion of Canada the coal situation is in a very unsatisfactory condition and that the dependents of our comrades still in the trenches (with a fixed monthly income) will suffer considerable hardship during the coming winter,

Therefore be it resolved that it is the sense of this Executive that the Government should take over the control of the coal mining industry as has been done in Great Britain.

60 Constitution Political Discussion

General provisions of the Dominion Constitution of The Great War Veterans' Association adopted by annual convention held in Toronto, 1918, reads:

"The presiding officer at any meeting shall rule out of order all matters pertaining to political or religious discussion or which do not refer to the well-being and progress of our Association."

Permit us to draw attention to the fact that the word "political," according to the standard dictionary, means pertaining to the public policy, concerned in government administration, and whereas the primary object of our Association is to oppose public policy and government administration not in the best interests of the members of this Association and of the general public,

Therefore be it resolved that in the opinion of this meeting Article XI. of the Constitution be amended to read:

"The presiding officer at any meeting shall rule out of order all matters pertaining to political or religious discussion which in the opinion of the majority present at any meeting, do not refer to the interest of the Association and its members."

61 Bolshevism

Whereas there is reason to believe that there are persons in Canada who profess sympathy for Bolshevism whose pernicious doctrines and aims are well known to be of "made in Germany" brand, and are propagated with a view to the destruction of property and social order, and bringing about anarchistic conditions; Bolshevism to mean, as we understand the present-day meaning of the term, above defined, and

Whereas we deem it desirable that the views of The Great War Veterans' should be unequivocally expressed to the end and that all concerned may know and understand our attitude towards Bolshevism and Bolsheviks;

Be it therefore resolved that in our opinion the Government of Canada should forthwith deport all persons manifesting Bolshevik predilections to the country of their birth while those of British nationality should be imprisoned and deprived of their franchise.

62 Labor

In view of the labor situation, and particularly the scarcity of employment during the winter months, this Provincial Command of The Great War Veterans' Association urge and petition the Dominion Government not to discharge any more soldiers returning from overseas before the first day of March, 1919, unless such soldier has a good position to return to, and makes application for his discharge.

63 Income Tax

Whereas an income tax is in force in the Dominion of Canada, and whereas such tax was imposed mainly for the purpose of meeting the interest on capital

indebtedness incurred on account of the war, and

Whereas those soldiers who served overseas did not have an equal opportunity with the civilian population to better their financial condition during the war,

Now therefore be it resolved that so long as any portion of the National Debt incurred on account of the war remains unpaid, that the income of all returned soldiers who saw service overseas be free from taxation up to the total income of \$5,000.00 (five thousand dollars) per annum.

64 Civil Service

Whereas by the wording of the Civil Service Act returned soldiers are being given only the lowest positions in the service, and

Whereas this is not in accord with the promises of the Government and the wishes of the people of Canada,

Now therefore be it resolved that such changes be made in the Civil Service Act as shall make all positions which become vacant in the Civil Service available for returned soldiers in preference to all other classes.

66

This convention hereby petitions the Provincial Government to so amend the Moratorium Act, extending such moratorium for a further period of two years.

67 Canadian Government Railways

Whereas there has been for some time survey made of a branch railway of the Canadian Northern Railway through South Saskatchewan and west through Southern Alberta, known as the Maryfield Branch, and

Whereas there are many settlers who have gone into this country expecting such railway to be built, and

Whereas there are blocks of this land suitable for agriculture which could be opened up for returned soldiers if such railway was built,

Therefore be it resolved that this convention assembled hereby petition the Dominion Government and the officers of the Government Railways that they proceed at an early date with the construction of this road.

69 Medical Examination

In view of the monetary loss entailed by many pensioners in travelling to Calgary for medical re-examination, we would urge the Board of Pension Commissioners to appoint additional medical examiners at the principal towns of Alberta, such as Medicine Hat and Lethbridge, on the same basis as at present in existence at Nelson and Revelstoke.

Whereas there is a large number of returned soldiers who have been discharged and a greater number to be discharged at Edmonton, Calgary, Lethbridge, Medicine Hat and Red Deer, and that there is an inadequate supply of equipment and staff of the C.A.D.C.,

Be it therefore resolved that a resolution be sent to the proper authorities demanding that an adequate equipment and staff of the C.A.D.C. be installed immediately in the aforementioned cities.

71

Soldier Settlement For Expropriated Lands

Whereas the Dominion Government's programme is to expropriate large tracts of unsettled lands and to make same available to those soldiers desirous of cultivating them, and

Whereas the Dominion Government proposes to provide land for all returned soldiers which said land is not now available for that purpose,

Now therefore be it resolved that all land so expropriated by the Dominion Government be reserved for a period of two years for filing by discharged soldiers of the Canadian Expeditionary Force, entry to be allowed at filing and the balance for a further period of two years for filing by soldiers if the Forces of other parts of the British Empire and of the Forces of the Allies.

DUTIES OF PROVINCIAL EXECUTIVE:

During the recess of the Provincial Convention, the powers of the Provincial Command are exercised by the Provincial Executive, who are elected at the Annual Provincial Convention to serve until the next succeeding Annual Convention. The members of the Provincial Executive also have the right to sit and vote at the succeeding Provincial Convention irrespective of whether or not they have been re-elected delegates by their Local Branch. The Provincial Executive holds meetings from time to time as often as required and at the call of the President. The Executive is the clearing house for all questions arising in the province which are to be submitted either in the form of a resolution or otherwise to the Government at Ottawa through the Dominion Command. The same also applies to matters of general provincial interest for submission to the local Legislature.

LETHBRIDGE G.W.V.A.

When the call to arms came in the early days of August, 1914, one bright jewel in the city of Lethbridge and the surrounding district shone out resplendently. Those were stirring days that will live in the memories of all. From far and near the good red-blooded boys of Alberta streamed into the city of Lethbridge to offer themselves, and their lives if need be, for their beloved Canada and the mighty British Empire. When the recruiting doors were thrown open there were the cream of Alberta among the embryonic citizen soldiers, all keen and anxious to do their "bit," men of all walks of life rubbed shoulders with each other, as they crowded through the recruiting office doors, each with a set purpose in view, and each with the same democratic utterance: "Here I am, use me!"

How proud we were of our sons, brothers and husbands, as with martial music and the skirl of the pipes they swung around Galt Gardens to embark upon the train which would carry them to the seaboard, and from thence to their unknown destination in France. We would stifle the sobs that insistently made their presence felt in our throats, and we would retrace our steps feeling unutterably sad, but withal proud of our brave boys who were prepared to make the supreme sacrifice if needs be for you and I.

Four and a half years of holocaust have come and gone, and as we again mentally review those troops passing by with a jaunty lilt, and heads erect, we sadly realise that although their units are returning, these units will come back light—light in point of numbers—but bearing their full burden of honors won.

Alas, beneath the poppy fields of Flanders, facing the line they held with their lives, many of our boys are now sleeping peacefully, heroes all. The home-coming of our troops will revive many sad remembrances, and the hearts of a widowed mother and wife will again undergo the stab of anguish when it is sadly realized their loved ones are not among the victorious troops returning.

"Lest we Forget" might well be the adopted slogan of the Great War Veterans' Association of Canada, and it is for that reason the gigantic organization sprung into existence. Those who laid aside the minor cares of civilian

life to keep the Hun at bay will "Never Forget". Those boys, and men of mature years, are now welded and fluxed into a brotherhood that will endure until the last survivor shall be laid to rest. It is to materially assist the bereaved and the maimed that the Great War Veterans' Association has its existence, and in this regard they feel they have the fullest sympathy of a grateful public.

Time was when a man left the old Imperial army he would quietly absorb himself into civil life, and, rightly or wrongly he kept the fact of his being an ex-soldier entirely to himself. It cannot be denied that he was sorely handicapped commercially when he took his discharge, having given the cream of his life to a military machine which had destroyed his initiative and blunted his inherent business acumen. Add to this the fact that a man who enlisted in the piping times of peace was generally classified as a neer-do-well, then you will readily appreciate the ex-soldier's desire to bury his past.

But what of the civilian soldier who answered the call voluntarily in the recent gigantic conflict? Shall it be said of him that he was a neer-do-well or that the army was the only outlet for his latent talents. We have only to look around our city to supply a fitting reply.

It was in February, 1917, that the Lethbridge command of the Great War Veterans' Association came into being. Up to that time the City of Calgary held a splendid organization which was absorbing within its folds many of our returning men, and by reason of our growing numbers and the central location of Lethbridge, it was decided to apply for a charter for this city.

A baker's dozen of war-worn boys, therefore, banded themselves together and forthwith held their meetings in the Board of Trade rooms, Mr. J. Russel Oliver, then of the Returned Soldiers' Bureau, but now of the Alberta Returned Soldiers' Commission, being appointed chairman. The following April the local command received its charter and forthwith became the sole tenants of the old Dominion Building which had hitherto been used as a customs and court house.

It is opportune at this moment to most cordially thank those citizens

who came to our assistance at the time of the local clubs inception, for now, thanks to their very timely aid and interest, our headquarters will compare favorably with that of any city of its size in the Dominion.

Comrade M. A. Morrow, late of the 5th Battalion, was our first president, and with Comrade J. F. Ritchie, late of the 31st Battalion, as secretary, things went along very smoothly.

Our president, Comrade Thos. Longworth, first took command in January, 1918, and H. Higginbotham, 16th Battalion, assumed the vice-presidency at the same time, being supported as 2nd vice-president by W. Howe, of the 10th Battalion, and J. F. Ritchie was again appointed secretary-treasurer.

By that time the membership of the Lethbridge local had grown to eighty, and applications for membership for membership were numerous. In May of 1918, owing to pressure of business, Mr. Ritchie was forced to resign the position of secretary, and H. P. Maddison, of the Princess Pats, received the unanimous endorsement of the members for the position. Since Comrade Maddison has had charge of the secretarial end, the local has jumped to a membership of over 500.

There has also been a subsidiary local at the town of Blairmore, but by reason of its growing importance and numerical strength that town will boast of an independent local in a short time, even if it is not an accomplished fact at the time of writing.

At the semi-annual election of officers in June of last year both President Longworth and Secretary Maddison were unanimously re-elected, with M. A. Morrow as first vice-president, and R. G. Andrew as second vice-president, and W. B. Burnett as trustee.

Up to July 1918 the local was known as a branch of the European War

Veterans' Association, but at that time it was changed to that of the G.W.V.A., and it joined the Provincial and Dominion Commands. In January of that year Comrades Longworth and Higginbotham attended the Provincial Convention as delegates. This was held in the city of Edmonton, and as a result of their visit it was decided to hold the convention for the following year in the city of Lethbridge.

At this convention, which was held in the club's auditorium, representatives from all the various locals in the Province met in conclave for four days. This conference was one of the largest ever held in our city. One of our members,

Comrade Mackenzie, received the honor of being the unanimous choice of this influential gathering for presidency of the Provincial Association.

Thanks to the hearty support of the citizens, and especially the members of the Trades and Labor Council, the club was able to run for some time without any salaried officers, and it can be truly written it is now one of the best financed locals in the Province.

There is necessarily much work to be done for the members in connection with the adjustment of pensions, land settlement, orthopaedic treatment, recurrence of war disability, and the hundred and one matters that occur in the life of a returned civilian-soldier.

Care is also taken of the dependents of the men overseas, and in this connection the local command has received the excellent support of the Next-of-Kin Association of Lethbridge. The Association owes a debt of gratitude also to J. Russel Oliver, whose indefatigable efforts have borne such good fruits, and to all the officers who have steered our local command through the strenuous times of organization.

Nursing Sister M. L. Baillie, of Calgary, with two years' service in France and one year of service in England to her credit, and now serving in the Ogden Home, was officially made a member of the Calgary branch of The Great War Veterans' Association in March. Miss Baillie is now the second lady active member of this Association, and it is expected that other brave Canadian women who have seen service overseas will now come forward and throw in their lot with the Association.

Nurse Baillie has almost four years of service in the Great War to her credit, and for two years she served in different hospitals in France. She was sent home some time ago and was given a post at the Ogden Home.

RESOLUTION RE DOMINION EX- PERIMENTAL FARM AT LETHBRIDGE

Whereas there is established at the city of Lethbridge a Dominion Experimental Farm composed of both irrigated and so-called dry land where experiments are carried on in both of these methods of farming, and

Whereas there is at present in this province no school where the methods of dry farming and irrigated farming are taught, and

Whereas the Soldier Settlement Board have already made it a necessary qualification that returned soldiers intending to go upon land shall first obtain certain instructions in farming,

Therefore be it resolved that the Dominion Government is hereby petitioned to organize the Dominion Experimental Farm at Lethbridge as a school of instruction for returned soldiers in the methods of irrigated and dry farming, and that this work be proceeded with at once so as to enable soldiers to take the course during the present winter season.

MEDICINE HAT G.W.V.A.

Medicine Hat branch of the G.W.V.A. was organized May 12, 1917, with 14 members, and as there were very few of the boys back in this district at that time, did not grow in numbers very much. However, by diligent perseverance things continued to go ahead, helped by a few donations, chief of which was for \$100 from C. S. Pingle, Esq. A few chairs, card table, couch, desk and books were about all the things that could be mustered for some time. The headquarters of the branch was at the S.O.E. hall, which they held until the first of the present year. Owing to the increase of membership, (which was at this time 60) it was deemed advisable to move into larger quarters. This was accordingly done and the quarters now occupied by this local are a credit to them.

The building known as "Lowes' Hall" used to be a pool room and is pretty well adapted for club purposes. When the G.W.V.A. put in the place what furniture they had, it was like being on the prairie—the room was so big and the furniture so small. However, the members set to work with a will, being determined they were going to have rooms fit for anyone to come into, and by the end of March they had club rooms second to none in the province. Money was raised by various means, such as dances, socials and donations. The people of the Hat rallied round the men and gave every support and the members of the local appreciated the help that was extended to them at this time. For quite a time every day brought in something, cheques, card tables, chairs, pictures or something equally useful until the rooms were properly fitted up. When the vets first took the place it was one large

room. This was immediately partitioned off into a committee room, also a secretary's office, and a large recreation room. To give one an idea of the work that was done in the way of improvements for the first three months of the year, the balance sheet shows an expenditure of over \$2,400, and everything was done to make the place comfortable. In these rooms the boys can play pool, cards, carpet ball, etc.; also there is all kinds of reading matter and writing material. The club being situated right across from the depot, is very convenient for the boys returning from overseas. Here all the Vets who are changing to go on the Crow line find a welcome and a resting place, to which many of them can testify. The trains are met by the secretary, regardless of the time of arrival, and if any of the boys are staying off, they are entertained until the time for them to pull out.

This branch also deals with all kinds of pension cases, separation allowance, assigned pay, and, in fact, anything appertaining to the welfare of the soldier or his dependents and no case is too small for them to deal with.

All this work the G.W.V.A. does on the quiet and very seldom makes known to the general public what it is doing, but prefer to work and say nothing, remembering the old proverb, "By their deeds they shall be known." If a full account of the work done by this local was published, it would be astonishing to the people.

Credit is due to the officers of this local for the rapid progress it has made, and it would be folly to single anyone out in particular, all of them having worked with a determination to make it a success.

Say It With Flowers

Send Flowers as her Birthday Gift. That is the one token she will surely appreciate and long remember. It is always appropriate to
"SAY IT WITH FLOWERS"

For Birthdays, weddings, social events, the sick room, or to brighten the home, you can best express your sentiments with flowers.
